NOTICE 2.

The following description of a shoal patch to the northward of the Harbour of Da ra Salaam, south of Zanzibar, is from Commander George L. Sulivan, of H.M.S. *Daphne*.*

All Bearings are Magnetic Variation 10° 10′ *Westerly in* 1869.

This shoal, on which there is 18 feet water, and 5 fathoms on either side, was discovered in H.M.S. *Daphne* while on her passage from Zanzibar to Darra Salaam. From the shoal Finda Island bears S.E., the inner Sindo Island S. ½ E., and the centre of the red or East Cliff of the Harbour of Darra Salaam, S. by W. distant 4¼ miles.

Commander Sulivan gives the following directions for approaching Darra Salaam from the northward: Keep Sindo Island well on the starboard bow until the centre of the East Cliff (red) bears S. by W. ¾ W., then steer for it on this bearing, which will lead to the buoys at the entrance; there should be nothing less than 5 fathoms on this line of bearing.

NOTE. The island marked on the chart of this part of the coast as the South Goonja does not exist; what has been hitherto taken for this island is a part of the main land. There are thus only two Goonja islands.

WHEREAS upon the petition to His Honour the Chief Justice, and other the Judges of the Supreme Court of this Colony, of JAMES MORTIMER MAYNARD, of Wynberg, against PATRICK NOLAN, lately of Cape Town, it appears to us that the said PATRICK NOLAN is justly and lawfully indebted to the said JAMES MORTIMER MAYNARD in the sum of Two Hundred and Ten Pounds Sterling of lawful money, with the interest thereon, upon and by virtue of a certain Mortgage Bond bearing date the 21st day of June, 1861, passed, signed, and executed by the said PATRICK NOLAN in favour of the said JAMES MORTIMER MAYNARD: And whereas the said PATRICK NOLAN, having Property within this Colony, did, in or about the year 1866, depart from his Dwelling-house, situate in Cape Town aforesaid, and has left this Colony for New Zealand, and remains absent, with intent to defeat or delay the said JAMES MORTIMER MAYNARD, and the other Creditors of him, the said PATRICK NOLAN, in obtaining payment of their just debts to them due and owing, and did thereby commit an act of Insolvency; whereupon the said JAMES MORTIMER MAYNARD prayed that the Estate of the said PATRICK NOLAN might be sequestrated for the benefit of his Creditors:

And whereas it further appears to us of record, that the Honourable PETRUS JOHANNES DENYSSEN, Esquire, did, on this the 6th day of January, 1870, by an order under his hand, place the Estate of the said PATRICK NOLAN under sequestration in the hands of the Master of the Supreme Court, until the same should be adjudged to be sequestrated, or the petition should be discharged:

In accordance with the provisions of Section 3 of Act 13 of 1867, a Coast Light due of one anna a ton will be levied on and after the 15th September on all Vessels of fifty tons burden and upwards if the voyage be from Rangoon or Moulmein to Bassein, or from Bassein to Rangoon or Moulmein.

N.B.—The bearings and courses given are all true.

I. Coast Light-house on the Krishna Shoal, Gulf of Martaban, in Latitude 15° 38′ 30″ North, Longitude 95° 35′ East.

A Light-house on screw piles in 3 fathoms at low water, on the south-eastern edge of the above shoal, showing a fixed dioptric light of the 2nd order. The focal plane of the light 60 feet above high water mark, visible 14 nautical miles. Rise and fall of tide 12 feet. H. W. at F. and C. 12 hours. The light is cut off at W.S.W. to the westward, and at N.N.E. to the eastward, the centre of the light being south-east.

It is provided with a Fog Bell, which, in foggy weather, will be sounded at intervals of 30 seconds.

In making the light (the object of which is to enable vessels to round Baragu Point so as to avoid the dangers of the Baragu flat and Krishna shoal) from the westward, a vessel should keep in not less than 7 fathoms of water to the southward, steering eastward until the light bears north-west, and distant 5 to 10 miles, then steering, according to strength, and set of the tide, between north-east by north, and north-east 40 miles, to make China Buckeer Light-house off the mouth of Rangoon River.

Vessels from the northward going south must not get into less than 6 fathoms of water when standing to the westward, or bring the light to bear to the southward of S.W. by W. ½ W.

No vessel should approach within 5 miles of the Light-house.

A vessel bound to the westward may steer in that direction after she has brought the light to bear north, distant 5 to 10 miles, taking care to keep in not less than 7 fathoms of water.

II. Harbour Light-house on China Buckeer, off the entrance of Rangoon River.

Hitherto the entrance to the channel of the Rangoon River has been marked by a Light-ship in 3½ fathoms of water. The Light-house is situated on the high land of China Buckeer, which is generally first made by ships bound to Rangoon, and is about 3 miles north-east of the mouth of the China Buckeer River. It is built on screw piles, and the lower part being against a background of dark trees will be painted white. It is close to high water-mark, but the sands at low water stretch 6 miles to the eastward of it. Ships must therefore keep well to seaward from it. It will bear a dioptric light of the first order, the upper and lower cupolas showing a fixed light, and the centre drum a revolving light attaining its greatest brilliancy once a minute. It can be seen 15 nautical miles from the deck or 17 nautical miles from the mast head of a ship. It is in latitude 16° 19′ 30″ north, and longtitude 96° 12′ east.

III. Harbour Light-house near the Eastern Grove, off the mouth of the Rangoon River.

This Light-house is also on screw piles, in latitude 16° 29′ north and longitude 96° 26′ 30″ east. It will show a light over an arc of 60° It will be cut off to the eastward due south, 10° of this angle will show a condensed light, the centre of which will pass through the present position of the light-ship or in a direction south 30° west. This condensed light will be visible 16 nautical miles from the deck or 18 nautical miles from the mast head of a ship, and the remaining 50° of light 12 miles from the deck of a vessel. It is not intended to be a leading light into the river, but to prevent vessels, making the land or China Buckeer light, from running too far to the westward.

Sailing directions for making the mouth of the Rangoon River.

Steer so as to make China Buckeer light bearing between N. by E. and W. by N. To avoid the eastern

sands, a vessel should not go so far north as to bring the light to bear to the southward of west; and to avoid the western sands, the Eastern Grove Light-house must not be brought to bear to the eastward of N.N.E. ½ E. With China Buckeer light bearing west and the Eastern Grove light bearing between N.N.E. ½ E. and north, vessels will be on the Rangoon Pilot Station, in the neighbourhood of which pilot vessels are constantly cruising, and should anchor until daylight, or until a pilot is obtained.

REPORT, 1869.

THE Directors in submitting their EIGHTEENTH ANNUAL STATEMENT of the affairs of the Bank, ending 31st December, 1869, have much satisfaction in being able to congratulate the Shareholders on the continued success of the Institution, as it will be seen from the statement carefully audited that a net profit of £1,906 12s. 4d. was made during the year just ended against £1,778 1s. in 1867, and £1,924 14s. in 1868.

The Bank sustained no loss during the past year, nor are there any overdue and unpaid Bills that are not likely to be paid.

The Directors, however, careful of the interests of the Shareholders, would recommend that only a dividend of Seven per cent. be paid this year; that the Reserve Fund be made up to £3 000, and that the Balance, £120 16s., be left to the Credit of Profit and Loss Account. From the statement will be seen that a Sum of £83 has been passed to Profit and Loss Account on a Bond taken from Mr. HANS STEYN, to secure his Liabilities, then amounting to a considerable sum, to the Bank. This amount your Directors do not consider entirely lost, as they purchased the Erven thus mortgaged for a very trifling sum, and which cost STEYN £150 at the original sale of the Robertson Erven.

Worcester Commercial Bank, 8th January, 1870.

REPORT.

THE Directors in this their Twenty-second Annual Report of the affairs of the UNION BANK have little of interest to communicate to the Shareholders.

The continued depression of the trade of the Colony has shown its effect in the limited demand for banking accommodation throughout the year; the net Profits, however, are but a trifle under those of the previous year, viz.: £3,971 8s., as shown in the accompanying account, against £4,002 11s. in 1868.

To these Profits has to be added the Balance of Profit and Loss Account for 1868, of £58 13s. 11d., making available for distribution £4,030 1s. 11d.

Out of this it is proposed to pay a Dividend of Six per Cent. to the Shareholders upon the Capital Stock of £62,000, or Six Shillings per Share on 12,400 Shares, amounting to £3,720 0 0

and the customary allowance of 200 0 0

to the Directors for their services during the past year, leaving a Balance at the Credit of Profit and Loss for future contingencies of 110 1 11

£4,030 1 11

The Directors have now reduced the number of Shares to 12,400, and the paid-up Capital to £62,000, by the purchase of 1,671 Shares during the past year, and have credited Rebate of Interest Account with £254 18s., being Profits realized thereon; they now have to request authority further to reduce the paid-up Capital of the Bank to £50,000, in 10,000 Shares of £10 each, with £5 paid up.

The Directors would recommend that the charge of Sixpence per Share hitherto made for Registration of Transfer be discontinued.

Mr. J. J. STEYTLER, sen., and the Hon'ble Mr. P. E. DE ROUBAIX retire from the Direction by rotation; it therefore devolves upon the Shareholders to fill up these vacancies by re-electing these gentlemen, they being the only Shareholders nominated for the office.

RAPPORT, 1869.

HET doet den Direkteuren, bij het overleggen hunner Achttiende Jaarlijksche Opgave van de Zaken der Bank, geëindigd den 31sten December, 1869, groot genoegen, in staat te zijn, den Aandeelhouders geluk te wenschen met den voortdurend goeden uitslag dezer instelling, vermits uit den naauwkeurig onderzochten Staat blijkt, dat gedurende het pas geëindigde jaar eene netto winst is gemaakt van £1,906 12s. 4d., tegen £1,773 1s. in 1867 en £1,804 14s. in 1868.

De Bank heeft in het gepasseerde jaar geen verlies geleden, ook zijn er geene vervallen en onbetaalde Wissels, die waarschijnlijk niet voldaan zullen worden.

De Direkteuren wenschen evenwel, uit zorgvuldigheid voor de belangen der Aandeelhouders, aan te bevelen, om dit jaar slechts een Dividend van zeven per cent. te betalen, het Reservefonds tot £3,000 aan te vullen, en het Saldo, £120 18s. te plaatsen op het Krediet der Rekening van Winst en Verlies. Uit de Opgave zal blijken, dat eene som van £83 overgebragt is op Rekening van Winst en Verlies op een Verband, genomen van den Heer HANS STEIJN tot verzekering van zijne verpligtingen aan de Bank, destijds eene aanmerkelijke som bedragende. Dit bedrag achten uwe Direkteuren niet geheel en al verloren, daar zij de Erven, aldus gehijpothekeerd, voor eene onbeduidende som gekocht hebben, terwijl die den Heer STEIJN bij den oorspronkelijken verkoop der Robertsonsche Erven £150 hebben gekost.

RAPPORT.

DE Direkteuren hebben in dit hun Twee-en-twintigste Jaarlijksche Verslag van de Zaken der Union Bank, weinig van belang aan de Aandeelhouders mede te deelen.

De voortdurende gedruktheid van den Handel der Kolonie heeft hare uitwerking getoond in de beperkte aanvraag naar bankaccomodatie gedurende het jaar; de netto winsten bedragen, evenwel, slechts eene kleinigheid minder dan die van het vorige jaar, nl. £3,971 8s. zoo als blijkt uit de bijgaande Rekening, tegen £4,002 11s. in 1868.

Bij deze winsten moet gevoegd worden het saldo der Winst- en Verliesrekening voor 1868, groot £58 13s. 11d., voor distributie beschikbaar stellende £4,030 1s. 11d.

Hieruit wordt voorgesteld, een Dividend te betalen van zes percent aan de Aandeelhouders, op het Kapitaal van £62,000, of Zes Shillings per Aandeel op 12,400 Aandeelen, ten bedrage van... ... ... £3,720 0 0

En de gewone toelage van... ... ... 200 0 0

aan Direkteuren voor hunne diensten gedurende het afgeloopen jaar, een Balans overlatende op het Credit van Winst en Verlies voor toekomstige toevallen van 110 1 11

£4,030 1 11

De Direkteuren hebben thans het aantal Aandeelen gereduceerd tot 12,400, en het Opbetaalde Kapitaal tot £62,000, door het opkoopen van 1,671 Aandeelen gedurende het afgeloopen jaar, en hebben het Rabat der Interest Rekening gekrediteerd met £254 18s., zijnde daarop gemaakte Profijten; zij moeten thans verder magtiging vragen om het opbetaald Kapitaal der Bank te reduceren tot £50,000, in 10,000 Aandeelen van £10 elk, met £5 opbetaald.

De Direkteuren wenschen aan te bevelen, dat de Betaling van Zes Pence per Aandeel, welke tot nog toe wordt gevorderd voor Registratie van overdragt, worde afgeschaft.

De Heer J. J. STEIJTLER, Senr., en de Ed. P. E. DE ROUBAIX treden bij beurtwisseling af uit het bestuur, en derhalve zullen de Aandeelhouders verpligt zijn, om de vakante plaatsen aan te vullen door deze Heeren te herkiezen, daar zij de eenige Aandeelhouders zijn, die benoemd zijn voor het ambt.

JOHN STEIN, Voorzitter.

DEPARTEMENT VAN MARINE, FORT WILLIAM,

Marine Berigt No. 15.

Het volgende berigt is voor publicatie ontvangen van den Hoofd Commissaris in Britsch Burmah, in een brief gedateerd Rangoon 13 September, 1869.

(Get.) H. W. NORMAN, Majoor Generaal,
Secretaris der Regering van Indie.

Simla, 28 September, 1869.

BERIGT AAN ZEEVARENDEN.

Van den 15 September, 1869, zullen de vuren op de volgende Vuurtorens nacht aan nacht aanhoudend ontsteken zijn en op den 21sten September zal het Vuurschip, dat tot heden den ingang van de Rivier Rangoon heeft aangewezen, worden weggenomen.

Volgens het bepaalde in Artikel 3 van Wet No. 13 van 1867, zal een Kustvuurgeld van één anna per ton geheven worden van af den 15den September op alle Schepen van vijftig ton inhoud en daarboven indien de reis gaat van Rangoon of Moulmein naar Bassein of van Bassein naar Rangoon of Moulmein.

N.B.—De kompaswijzingen en koersen zijn alles regt.

I. Kust-vuurtoren op de Krishna Zandbank Golf van Martaban in 15° 35′ 30″ N.B. en 95° 35′ O.L.

Een Vuurtoren, op schroefpijlers in 3 vademen bij laag water op den zuidoostelijken kant van de gezegde bank, vertoonende een vast dioptrisch licht van den 2den rang; de brandpuntvlakte van het licht 60 voet boven hoog watermerk zigtbaar 14 zeemijlen. Rijzing en val van het tij 12 voet, H. W. aan F. en C. 12 uur. Het licht is afgesneden ten W.Z.W. aan de westzijde, en ten N.N.O. aan de oostzijde, zijnde het centrum van het licht zuidoost.

De toren is voorzien van een *mistklok*, die in mistig weder met tusschenruimten van 30 seconden geluid wordt.

Afgaande op het licht (dat ten doel heeft de Schepen in staat te stellen om Baragupunt om te komen met vermijding der gevaren van de Baraguvlakte en de Krishna Zandbank) van het westen moet het schip in niet minder dan 7 vademen water blijven naar het zuiden, en oostwaarts sturen tot dat het licht noordwest staat op 5 tot 10 mijlen afstand, dan sturen volgens sterkte van het tij af tusschen noordoost ten noorden en noordoost 40 mijlen om den vuurtoren van China Buckeer te halen op de hoogte van den mond der Rangoonrivier.

Schepen die van het noorden komen en zuidwaards gaan, moeten niet in minder dan 6 vademen water komen, wanneer zij westwaarts aanhouden, of het licht brengen naar het zuiden van Z.W. ten W. ½ W.

Geen schip moet binnen 5 mijlen van den Vuurtoren genaken.

Een schip naar het westen bestemd mag in die rigting sturen na het licht noordwaarts te hebben gebragt, op 5 tot 10 mijlen afstand, mits zorg dragende in niet minder dan 7 vademen water te komen.

II. Haven Vuurtoren op China Buckeer bij den ingang van de Rivier Rangoon.

Tot heden toe was de ingang naar het kanaal van de Rivier Rangoon gemerkt door een Vuurschip in 3½ vademen water. De Vuurtoren is gelegen op het Hoogland van China Buckeer, waarop geweonlijk eerst wordt aangehouden door schepen naar Rangoon bestemd, en is omtrent 3 mijlen noordoost van de China Buckeer Rivier. Zij is gebouwd op schroefpijlers en zal, daar het benedenste gedeelte een schorgrond van donkere boomen heeft, wit geschilderd worden. Zij staat digt bij hoogwater merk, maar de zanden bij laag water strekken zich 6 mijlen ten oosten van haar uit. De schepen moeten dus goed zeewaarts van haar afhouden. Zij zal een deoptrisch licht van den eersten rang dragen, vertoonende de boven- en benedenkoepel een staand licht en de middentoren een draailicht, dat eens in de minuut de grootste schittering bereikt. Het kan gezien worden 15 zeemijlen van het dek of 17 zeemijlen uit den mast van een schip. Het staat op 16° 19′ 30″ N.B. en 96° 12′ O.L.

III. Haven-vuurtoren nabij het oostelijk Beschje op de hoogte van den mond der Rangoonrivier.

Deze vuurtoren staat ook op schroefpalen op 16° 29′ N.B. en 96° 26′ 30″ O.L. Zij zal een licht vertoonen over een boog van 60° Het zal afgesneden zijn oostwaarts regtzuid 10° van dezen hoek sullen een geconden seerd licht vertoonen, het centrum waarvan zal passeren door de tegenwoordige standplaats van het vuurschip of in eene rigting zuid 30° west. Dit geconden seerde licht zal zigtbaar zijn 16 zeemijlen van het dek en 18 zeemijlen uit den mast van een schip en de resterende 50° lichts, 1½ mijlen van scheepsdek. Het is niet bedeeld voor een licht om in de rivier te leiden, maar om schepen die aanhouden op het land of China Buckeerlicht te verhinderen, te ver westwaarts te loopen.

Zeilaanwijzingen om den mond der Rangoonrivier te bereiken.

Stuur zoo dat het China Buckeer licht wijst tusschen N. tot O. en W. tot N. Om het oostelijke zand te vermijden, moet een schip niet zoo ver noord gaan, dat het licht ten zuiden van west wijst; en om het westelijke zand te vermijden, moet gezorgd worden. dat de Vuurteren aan het Oostelijke Beschje niet ten oosten van N.N.O ½ O. komt te staan.

Digitized by Google

Met het China Buckoor licht west en het licht aan het O. Boekje tusschen N.N.O ½ O. en noord zullen de schepen op het loodstatien van Rangoon zijn, in de nabijheid waarvan altijd door loots boeten aan 't kruisen zijn, en waar zij tot daglicht behooren te ankeren of tot dat er een loods aan boord is.

34	2 16 1	55	5 4 2

The Premiums are payable yearly in advance; or at the option of the Assured, half-yearly, with a slight increase of the Rate.

This being a MUTUAL ASSURANCE SOCIETY, the profits are not, as in Proprietary Companies, divided between the Partners and the Assured,—the *whole* belong to the Policy-holders.

The Profits are divided amongst the holders of Policies at the termination of every period of THREE YEARS, and each holder may determine that his share shall be added to the sum assured by him,—or converted into Present Payment—or applied in Reduction of the future Annual Premiums payable by him.

The last Division was declared at the Annual Meeting held on the 6th July, 1868. The Profits then divided were at the rate of 2½ per cent. per annum, or 7½ per cent. for the three years. Thus a Policy of **£500**, taken out before 1st November, 1865, has **£37 10s.**, three years' Profits added to it; a Policy of the same amount, taken out before 1st November, 1867, has **£12 10s.**, one year's Profits added; while the total accumulated Profits on a Policy of **£500**, taken out in 1845, the first year of the Society's existence, now amount to the large sum of **£401 0s. 4d.**

The next Division of Profits will take place in July, 1871.

Persons proposing for assurance are required to produce *Certificates of Baptism*, or such other proofs of age as the Directors may deem to be satisfactory.

Candidates for assurance are *not* charged with fees payable to the *Medical Officers* of the Society.

Prospectuses, Forms of Proposal, and all information respecting the Society may be obtained at the Office in Cape Town, or at any of the Agencies throughout the Colony.

By order of the Board,

C. J. C. GIE, Jun., Secretary.

THE CAPE OF GOOD HOPE

Government Gazette

EXTRAORDINARY.

Published by Authority.

TUESDAY, JANUARY 25, 1870.

Government-house, 25th January, 1870.

THIS DAY His Excellency the Governor opened the Second Session of the Fourth Parliament of the Colony of the Cape of Good Hope,—the Legislative Council and House of Assembly being assembled in the State Room at Government-house,—and His Excellency was pleased to deliver the following Speech:

MR. PRESIDENT AND GENTLEMEN OF THE LEGISLATIVE COUNCIL

MR. SPEAKER AND GENTLEMEN OF THE HOUSE OF ASSEMBLY.

I am sensible that attendance in Parliament at the present season of the year may, to many of your number, be the cause of considerable inconvenience; but regarding the matter in a public point of view, I cannot but appreciate the advantages inseparable from my having an opportunity of consulting you, at a time when the recent election of the House of Assembly has elicited decided expressions of opinion on the part of several constituencies; and you will be prepared to deal with the important business of the Session, fully informed of the general feeling of the country on many of the chief questions. First in order, and I think in importance, is that of the future form of the Government of the Colony. It was with the object of placing that subject fully before the constituencies that I published, some time before the late elections, the Bill "To amend the Constitution of the Colony of the Cape of Good Hope." The issue thus submitted to them was, whether there should be now introduced here Party, or as it is commonly termed, Responsible Government, or whether, avoiding or further postponing that change, the Constitution should be rendered more suitable to the present condition and wants of this society, by the adoption of the Bill of the Government, or the substitution of some other measure which might better recommend itself to you. But the last mail has brought me a communication from the Secretary of State, bearing immediately on these questions, which I shall place before you. His Lordship, after repeating the intention of Her Majesty's Government to carry out the gradual withdrawal of the troops, proceeds as follows: "You have observed that the influence of the Governor—inadequate, even in your experienced hands, to secure that essential of good Government, a sound financial system—will be weakened by the withdrawal of the Queen's Troops.

"This is no doubt true, and it follows that the present Constitution of the Colony will be still more unequal to the performance of its proper functions than it seems to be already. It becomes necessary, therefore, to bring the Executive Government and the Representative Legislature into harmony, either by strengthening the influence of the Government over the Legislature, or by strengthening the influence of the Legislature over the Government.

"But although I have been anxious to give you every opportunity of giving effect to your own views, I have never concurred with you in anticipating that you would be able to frame and carry through the Cape Parliament a measure which would give to the Government, as at present constituted, such powers as the necessities of the case require. And if the Government cannot by some such measure be enabled to command the co-operation of the Legislature, it remains that the Legislature should be enabled to ensure the co-operation of the Government,—*i.e.*, that Responsible Government should be established in that as in other Colonies of equal importance. I have considered the difficulties you point out as likely to arise when such a change is made. But if the Colonists will not allow themselves to be governed—and I am far from blaming them for desiring to manage their own affairs, or from questioning their capacity to do so, which is seldom rightly estimated till it is tried—it follows that they must adopt the responsibility of governing.

"The policy, therefore, which I shall enjoin on your successor will be that of pointing out to the Colonists that in one way or another a change in their Constitution is inevitable, and of explaining to them that Her Majesty's Government look upon the present Constitution as an inadequate and transitional one, which, as they are unable to administer it effectually, they are only content to administer at the desire of the Colonists, and until a decision is arrived at as to what change should take place.

"If the Colony shall be ready to repose greater trust than heretofore in the Crown and its servants, and to confide to them a larger and more effectual authority, it will be the first endeavour of the new Governor to devise such a plan for that purpose as shall be acceptable to the present Legislature.

"If, on the contrary, the Colonists shall prefer to assume the responsibility of managing their own affairs, it will be his duty to consider with them, in a spirit of cordial co-operation, the means by which this may be safely and justly effected—what shape the new system of self-Government should assume—whether of a single undivided Colony, or of a Colony divided into semi-independent Provinces, or of two or more distinct Colonies—is a question which the Colonists will no doubt maturely consider, and in which I should wish to be guided by their deliberate conclusions. At present, I think it undesirable even to indicate an opinion upon it."

I have considered whether, after the receipt of this communication, it would be proper for me, as some may probably expect, to abandon the Bill that has been already published, and leave the matter altogether in abeyance until the arrival of my successor. But I have lived too long in this Colony to be indifferent to its future welfare. I have been so bound up with the administration of its affairs, that I have formed strong convictions as to what is best suited to it. I cannot see what advantage will be gained by the postponement for another year of a question you are fully prepared to discuss. The Secretary of State hopes that I will smooth down as far as possible the difficulties with which my successor, at best, will have to contend. And I think that his path will be made clearer by a present decision on this question. I shall therefore submit to you the Bill that has been already published to amend the Constitution of the Colony of the Cape of Good Hope.

I can remember when the extension of Responsible Government to the Colonies first attracted attention. People in England, knowing little of the Colonies, and to whom their true position was not brought home, were fascinated by the notion of extending British Institutions throughout the British dominions. They did not perceive that the very principle of Responsibility was opposed to existence as a Colony—as a Dependency, it may be more appropriately termed. They did not realize that a Colonial Ministry, existing by responsibility to its own constituents, could not likewise be obedient to an Imperial Government—that the day must come for a collision—that by a cautious evasion or submission the issue might be delayed, but that sooner or later it was inevitable—that this form was suitable only to communities who desired or looked forward to a severance at no distant day from the Mother Country, whether by transfer to another Power, or by the establishment of an independent State—that where such a severance was not coveted or contemplated, Party Government was inexpedient. Rightly or wrongly, I have always taken this view, and I cannot see that the course of events has tended to controvert it.

In North America, we have unmistakable indications of the rapid establishment of a powerful independent State. In Australia, it is probable that its several settlements, with their great wealth and homogeneous population, will see their way to a similar coalition. In New Zealand, the severance is being accomplished under very painful circumstances. In Jamaica, where Responsible Government was wholly inappropriate, it has ceased to be. In this Colony I cannot think that any desire exists for its transfer to the rule of another Power, neither can I think that with its scanty resources and its divided population, it would desire to stand alone. Of the internal impediments to this change I need say little. Even the Secretary of State, fully disposed to assent to it if requested, thinks it may involve division of the Colony into semi-independent Provinces, or into two or more distinct Colonies,—measures fraught, in my opinion, with weakness, poverty, and confusion. On the other hand, it is clear that Her Majesty's Government consider it indispensable that the local administration should by some means be rendered sufficiently influential for the proper conduct of your affairs. I do not think that the Bill which has been published is calculated to deprive you of a due control over the Government, or to confer upon the latter a larger share of power than is necessary to enable any Government to do its duty by the people; and I shall be glad if, with such amendments as you may consider it requires, the Bill may become law.

I regard the prolongation of your connection with Great Britain as of the utmost value; and to that end I would earnestly urge the

adoption of such measures as may satisfy the Imperial Government of your desire to meet all your obligations and to render the local Government truly efficient

It seems desirable, in connection with the contemplated withdrawal of the Troops, that you should take into timely consideration the measures that ought to be adopted for improving the defensive resources of the Colony. It is admitted on all hands that the Burgher Act now in force is valueless for all practical purposes. And it would perhaps be impracticable to enact a law to throw the burthen of defence on the inhabitants in general which would work satisfactorily.

In New Zealand, I believe, one chief cause of weakness has been found to consist in the reluctance of the settled population to sacrifice their daily pursuits for service in the field. The employment of such a Burgher Force will inevitably entail much irregular expense, and the dependence on it will certainly be a great impediment to that promptitude to action which is frequently so desirable. I have always placed great reliance in the Frontier Police, and on the facilities afforded by their organization for rapid operations in any direction. I believe that the most effectual and most economical means of increasing your strength will be found in an augmentation, when the necessity arises, of the number of that force, and in some slight improvement of its organization. And I hope therefore, in the course of the Session to introduce a Bill, which, if accepted, will enable the Government, at its leisure, to effect a gradual augmentation of the force.

My proposal would distribute the burthen equally and lightly over the whole Colony, and would dispense with demands for the personal services of individual members of the community, except under circumstances of danger, from which I trust you may long be preserved.

The Estimates for the year will be immediately submitted to you, and will, I think, afford convincing proof of the earnest and painful efforts that have been made to enforce the strictest economy. The proceedings of last Session have in no degree been lost sight of. Offices of which the amalgamation was recommended have been amalgamated. Out of twenty-six stations at which more than one clerk was employed, the number has been reduced in eleven cases Other appointments and services which it was practicable to dispense with, have been discontinued. I hope that no prejudicial results will follow; but the task has been most irksome, rendered more so, indeed, by the proofs received, that measures of retrenchment are very unacceptable in the quarters affected by them.

The retrenchment that would effect any important change in your financial position would involve submission to great inconvenience,—greater perhaps than it is desirable to encounter. You have gone too far to recede. In 1862, when I first had occasion to address the Parliament of the Cape, I pointed out that the scale of Public Expenditure was much in excess of your means. Eight years have since elapsed, and they have been one prolonged and unsuccessful struggle with that burthen. The Government has, during all that time, striven to retrench and economize, and still the result is, that the Estimate of the current Expenditure of this year is £594,620, while that of the current Revenue cannot be put down at more than £543,583.

I must add, also, that this Estimate does not include the cost of any new Public Work, or even all needful repairs to existing ones. It provides only for the bare working of the Government. There are many works much needed. It is very desirable that employment should be found for the labouring population, and I shall take an early opportunity of ascertaining whether you are disposed to sanction any outlay for such purposes. These questions having been discussed, and the scale of Expenditure you are prepared to sanction fairly ascertained, the Government will, to the best of its ability, propose measures for obtaining the necessary Revenue.

It is much to be desired that the Session will not close without some satisfactory adjustment of the Railway question. The debt due to the Government on account of the Sub-guarantee on the Wellington Railway now exceeds £48,000. In this year it will rise above £63,000. The Government continues to pay the whole guarantee. The claim to repayment of half figures as an asset. The prospect of its liquidation is most remote. So long as the unsettled claim remains, it will operate as a bar to all progress at each end of the Colony. We have not made any progress in the negotiation with the Wellington Railway Company for the transfer of that line to the Government, and have, at last, been informed by them that no proposals to that effect will even be entertained by them, unless the Government shall have obtained authority to conclude an agreement without further reference to you.

The management of the Main Roads again urgently demands your consideration. Year after year the settlement of it has been postponed. Some of the Divisions represent that they are not able to undertake the responsibilities devolving upon them, and several important Roads will undoubtedly be allowed to fall into a ruinous condition if no proper law be enacted for their preservation.

The Government has not received from Mr. Coode any report on the information collected for him by Mr. Neate respecting the several Harbours; but I hope they will arrive in time to be dealt with during the Session.

I shall again introduce the Bill for the establishment of a Government Paper Currency, and also I hope, a Bill for converting the whole of the existing Debt of the Colony into new Debentures, bearing Interest at either 5 or 4½ per cent. The Government is advised that this measure may prove advantageous to the Colony, and is at present in expectation of further information needed for the completion of the Bill.

You will receive a Statement, supplied by the Surveyor-General, of the progress made up to the present time in the survey and disposal of Crown Lands for Lease under the Act No. 19 of 1864, which is, I think, very satisfactory; and I shall be glad if, during the course of the Session, means can be devised for turning to profitable account, in other forms, the large tracts of Land which are still the property of the public. With many the impression prevails that they could be advantageously applied for the encouragement of Immigration, but that is a measure which ought, I think, to be approached with the utmost caution. I cannot satisfy myself of its expediency until it has been first established that some article can be successfully cultivated, which will at the same time be in steady demand for export, and also afford regular employment to a numerous population for its production. It cannot answer to introduce foreigners for the growth of food for local consumption; the growth of Wool is diametrically opposed to the concentration or augmentation of the population. The Government has, however, been making inquiries with reference to a revival of the immigration from Germany, and the subject may possibly be considered during the Session.

We have also been endeavouring to obtain useful suggestions for the destruction of Locusts,—a subject specially recommended to the notice of the Government by the Legislative Council in the last Session. The replies have not yet been received; but I am unwilling to think that much good cannot be done by timely and well-directed exertions; and I shall be glad in the course of the Session to recommend to you a Bill calculated to save the Agriculturists to a considerable degree from the grievous losses to which they are now subjected.

I was enabled, before the close of the last Session, to announce to you the successful result of the operations of the Frontier Police against the Korannas on the Orange River. From the time of the departure from the scene of action of Sir W. Currie, with the Police who had been specially detached for that service, the conduct of affairs has been left entirely in the hands of Mr. Jackson, who now fills the office of Inspector of Police as well as that of Border Magistrate. He has been acting with much energy and judgment, and I think the power of those hordes may be regarded as fairly broken, and that the Government will now have it in their power to proceed successfully with the measures for the settlement of the Country authorized in the last Session, and now under consideration. These operations have, however, been attended with one consequence, deeply to be regretted by all. I fear that they have brought to a close the active career of Sir W. Currie. His life has been spent in constant devotion to the service of this Colony. No perils or hardships have been sufficient to deter him from the unflinching discharge of his duty. During the last few years I have had ample opportunities of judging of his character; and I can say with truth that the loss of his services is a misfortune that will make itself deeply felt.

There is every probability of the speedy termination of the long-pending negotiations on the affairs of Basutoland. The Government of the Free State have unhesitatingly assented to the only modification of the Aliwal Convention that was ultimately demanded by Her Majesty's Government; and I am now expecting their final confirmation of the arrangement.

In conclusion, let me express the hope that, by the prompt and simultaneous attendance of the members of the two Houses, you may be enabled satisfactorily, and without loss of time, to deal with the important matters before you; and that thus your decisions may go forth to the Country as the results of the careful deliberations of the general body of their Representatives in Parliament.

THE CAPE OF GOOD HOPE.

Government Gazette.

Published by Authority.

FRIDAY, JANUARY 28, 1870.

Government-house, 25th January, 1870.

THIS DAY His Excellency the Governor opened the Second Session of the Fourth Parliament of the Colony of the Cape of Good Hope,—the Legislative Council and House of Assembly being assembled in the State Room at Government-house,—and His Excellency was pleased to deliver the following Speech:

MR. PRESIDENT AND GENTLEMEN OF THE LEGISLATIVE COUNCIL:

MR. SPEAKER AND GENTLEMEN OF THE HOUSE OF ASSEMBLY:

I am sensible that attendance in Parliament at the present season of the year may, to many of your number, be the cause of considerable inconvenience; but regarding the matter in a public point of view, I cannot but appreciate the advantages inseparable from my having an opportunity of consulting you, at a time when the recent election of the House of Assembly has elicited decided expressions of opinion on the part of several constituencies; and you will be prepared to deal with the important business of the Session, fully informed of the general feeling of the country on many of the chief questions. First in order, and I think in importance, is that of the future form of the Government of the Colony. It was with the object of placing that subject fully before the constituencies that I published, some time before the late elections, the Bill "To amend the Constitution of the Colony of the Cape of Good Hope." The issue thus submitted to them was, whether there should be now introduced here Party, or as it is commonly termed, Responsible Government, or whether, avoiding or further postponing that change, the Constitution should be rendered more suitable to the present condition and wants of this society, by the adoption of the Bill of the Government, or the substitution of some other measure which might better recommend itself to you. But the last mail has brought me a communication from the Secretary of State, bearing immediately on these questions, which I shall place before you. His Lordship, after repeating the intention of Her Majesty's Government to carry out the gradual withdrawal of the troops, proceeds as follows:

"You have observed that the influence of the Governor—inadequate, even in your experienced hands, to secure that essential of good Government, a sound financial system—will be weakened by the withdrawal of the Queen's Troops.

"This is no doubt true, and it follows that the present Constitution of the Colony will be still more unequal to the performance of its proper functions than it seems to be already. It becomes necessary, therefore, to bring the Executive Government and the Representative Legislature into harmony, either by strengthening the influence of the Government over the Legislature, or by strengthening the influence of the Legislature over the Government.

"But although I have been anxious to give you every opportunity of giving effect to your own views, I have never concurred with you in anticipating that you would be able to frame and carry through the Cape Parliament a measure which would give to the Government, as at present constituted, such powers as the necessities of the case require. And if the Government cannot by some such measure be enabled to command the co-operation of the Legislature, it remains that the Legislature should be enabled to ensure the co-operation of the Government,—*i.e.*, that Responsible Government should be established in that as in other Colonies of equal importance. I have considered the difficulties you point out as likely to arise when such a change is made. But if the Colonists will not allow themselves to be governed—and I am far from blaming them for desiring to manage their own affairs, or from questioning their capacity to do so, which is seldom rightly estimated till it is tried—it follows that they must adopt the responsibility of governing.

"The policy, therefore, which I shall enjoin on your successor will be that of pointing out to the Colonists that in one way or another a change in their Constitution is inevitable, and of explaining to them that Her Majesty's Government look upon the present Constitution as an inadequate and transitional one, which, as they are unable to administer it effectually, they are only content to administer at the desire of the Colonists, and until a decision is arrived at as to what change should take place.

"If the Colony shall be ready to repose greater trust than heretofore in the Crown and its servants, and to confide to them a larger and more effectual authority, it will be the first endeavour of the new Governor to devise such a plan for that purpose as shall be acceptable to the present Legislature.

"If, on the contrary, the Colonists shall prefer to assume the responsibility of managing their own affairs, it will be his duty to consider with them, in a spirit of cordial co-operation, the means by which this may be safely and justly effected—what shape the new system of self-Government should assume—whether of a single undivided Colony, or of a Colony divided into semi-independent Provinces, or of two or more distinct Colonies—is a question which the Colonists will no doubt maturely consider, and in which I should wish to be guided by their deliberate conclusions. At present, I think it undesirable even to indicate an opinion upon it."

I have considered whether, after the receipt of this communication, it would be proper for me, as some may probably expect, to abandon the Bill that has been already published, and leave the matter altogether in abeyance until the arrival of my successor. But I have lived too long in this Colony to be indifferent to its future welfare. I have been so bound up with the administration of its affairs, that I have formed strong convictions as to what is best suited to it. I cannot see what advantage will be gained by the postponement for another year of a question you are fully prepared to discuss. The Secretary of State hopes that I will smooth down as far as possible the difficulties with which my successor, at best, will have to contend. And I think that his path will be made clearer by a present decision on this question. I shall therefore submit to you the Bill that has been already published to amend the Constitution of the Colony of the Cape of Good Hope.

I can remember when the extension of Responsible Government to the Colonies first attracted attention. People in England, knowing little of the Colonies, and to whom their true position was not brought home, were fascinated by the notion of extending British Institutions throughout the British dominions. They did not perceive that the very principle of Responsibility was opposed to existence as a Colony—as a Dependency, it may be more appropriately termed. They did not realize that a Colonial Ministry, existing by responsibility to its own constituents, could not likewise be obedient to an Imperial Government—that the day must come for a collision—that by a cautious evasion or submission the issue might be delayed, but that sooner or later it was inevitable—that this form was suitable only to communities who desired or looked forward to a severance at no distant day from the Mother Country, whether by transfer to another Power, or by the establishment of an independent State—that where such a severance was not coveted or contemplated, Party Government was inexpedient. Rightly or wrongly, I have always taken this view, and I cannot see that the course of events has tended to controvert it.

In North America, we have unmistakable indications of the rapid establishment of a powerful independent State. In Australia, it is probable that its several settlements, with their great wealth and homogeneous population, will see their way to a similar coalition. In New Zealand, the severance is being accomplished under very painful circumstances. In Jamaica, where Responsible Government was wholly inappropriate, it has ceased to be. In this Colony I cannot think that any desire exists for its transfer to the rule of another Power, neither can I think that with its scanty resources and its divided population, it would desire to stand alone. Of the internal impediments to this change I need say little. Even the Secretary of State, fully disposed to assent to it if requested, thinks it may involve division of the Colony into semi-independent Provinces, or into two or more distinct Colonies,—measures fraught, in my opinion, with weakness, poverty, and confusion. On the other hand, it is clear that Her Majesty's Government consider it indispensable that the local administration should by some means be rendered sufficiently influential for the proper conduct of your affairs. I do not think that the Bill which has been published is calculated to deprive you of a due control over the Government, or to confer upon the latter a larger share of power than is necessary to enable any Government to do its duty by the people; and I shall be glad if, with such amendments as you may consider it requires, the Bill may become law.

I regard the prolongation of your connection with Great Britain as of the utmost value; and to that end I would earnestly urge the

adoption of such measures as may satisfy the Imperial Government of your desire to meet all your obligations and to render the local Government truly efficient

It seems desirable, in connection with the contemplated withdrawal of the Troops, that you should take into timely consideration the measures that ought to be adopted for improving the defensive resources of the Colony. It is admitted on all hands that the Burgher Act now in force is valueless for all practical purposes. And it would perhaps be impracticable to enact a law to throw the burthen of defence on the inhabitants in general which would work satisfactorily.

In New Zealand, I believe, one chief cause of weakness has been found to consist in the reluctance of the settled population to sacrifice their daily pursuits for service in the field. The employment of such a Burgher Force will inevitably entail much irregular expense, and the dependence on it will certainly be a great impediment to that promptitude to action which is frequently so desirable. I have always placed great reliance in the Frontier Police, and on the facilities afforded by their organization for rapid operations in any direction. I believe that the most effectual and most economical means of increasing your strength will be found in an augmentation, when the necessity arises, of the number of that force, and in some slight improvement of its organization. And I hope therefore, in the course of the Session to introduce a Bill, which, if accepted, will enable the Government, at its leisure, to effect a gradual augmentation of the force.

My proposal would distribute the burthen equally and lightly over the whole Colony, and would dispense with demands for the personal services of individual members of the community, except under circumstances of danger, from which I trust you may long be preserved.

The Estimates for the year will be immediately submitted to you, and will, I think, afford convincing proof of the earnest and painful efforts that have been made to enforce the strictest economy. The proceedings of last Session have in no degree been lost sight of. Offices of which the amalgamation was recommended have been amalgamated. Out of twenty-six stations at which more than one clerk was employed, the number has been reduced in eleven cases. Other appointments and services which it was practicable to dispense with, have been discontinued. I hope that no prejudicial results will follow; but the task has been most irksome, rendered more so, indeed, by the proofs received, that measures of retrenchment are very unacceptable in the quarters affected by them.

The retrenchment that would effect any important change in your financial position would involve submission to great inconvenience,—greater perhaps than it is desirable to encounter. You have gone too far to recede. In 1862, when I first had occasion to address the Parliament of the Cape, I pointed out that the scale of Public Expenditure was much in excess of your means Eight years have since elapsed, and they have been one prolonged and unsuccessful struggle with that burthen. The Government has, during all that time, striven to retrench and economize, and still the result is, that the Estimate of the current Expenditure of this year is £594,620, while that of the current Revenue cannot be put down at more than £543,583.

I must add, also, that this Estimate does not include the cost of any new Public Work, or even all needful repairs to existing ones. It provides only for the bare working of the Government. There are many works much needed. It is very desirable that employment should be found for the labouring population, and I shall take an early opportunity of ascertaining whether you are disposed to sanction any outlay for such purposes. These questions having been discussed, and the scale of Expenditure you are prepared to sanction fairly ascertained, the Government will, to the best of its ability, propose measures for obtaining the necessary Revenue.

BILL

TO

Amend the Constitution of the Colony of the Cape of Good Hope.

(*Transmitted to the House of Assembly by His Excellency the Governor.*)

WHEREAS by an Order of Her Majesty in Council, bearing date the 11th day of March, 1853, it was ordered and declared that nothing in the said Order contained should extend to prevent the Parliament of this Colony from making any Act or Acts (subject to Her Majesty's power to disallow the same, with the advice of her Privy Council, or to assent to the same, if reserved for the signification of her pleasure thereon) in amendment of an Ordinance enacted on the 3rd day of April in the year 1852, intituled "An Ordinance for constituting a Parliament for the said Colony:" And whereas it is expedient that the said Ordinance should be amended: Be it therefore enacted by the Governor of the Colony of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. From and after the taking effect of this Act, so much of the said hereinbefore recited Ordinance of the year 1852, and so much of the Act No. 3 of the year 1865, intituled "An Act to make provision for the Incorporation of British Kaffraria with the Colony of the Cape of Good Hope, and to increase the number of the Members of both Houses of Parliament of the said Colony," as relates to the representation in Par-

liament of the divisions formerly composing British Kaffraria, as is not hereby re-enacted or retained in force, shall be and the same is hereby repealed.

II. The Legislature of the Colony shall for the future consist of the Governor and of a Legislative Council.

III. The Legislative Council shall consist of a President to be appointed by Her Majesty, and of thirty-six members, four of whom shall be persons holding offices of profit under Her Majesty, and the remainder shall be elected in manner hereinafter provided.

IV. Eleven members of the said Council shall form a quorum for the dispatch of business. In the absence of the President, the members present shall elect one of their own number to preside. All questions arising in the said Council shall be decided by a majority of votes of the members present other than the President or the member presiding in his absence. But when the votes shall be equal the President or presiding member shall have the casting vote.

V. It shall be lawful for the Governor, by writing under his hand, from time to time to appoint such four persons holding offices of profit to be members of the said Council as to him shall appear expedient, and in like manner to remove any member so appointed, and to appoint some other person holding an office of profit to be a member in place of the person so removed, or in place of any such member dying, resigning, or becoming incapable of performing the duties of a member of the said Council.

VI. The thirty-two elective members of the said Council shall be elected as follows, that is to say: The City of Cape Town shall return two members, the City of Graham's Town shall return one member, and the electoral divisions of the Cape (exclusive of the City of Cape Town), Stellenbosch, Paarl, Malmesbury, Namaqualand, Clanwilliam, Beaufort, Victoria West, Caledon, Swellendam, Riversdale, George, Oudtshoorn, Worcester, Port Elizabeth, Uitenhage, Somerset, Graaff-Reinet, Cradock, Colesberg, Richmond, Albany (exclusive of the City of Graham's Town), Fort Beaufort, Queen's Town, Albert, Aliwal North, Victoria East, King William's Town, and East London shall each return one member; and for the purposes of this Act the division of Piquetberg shall be annexed to and form part of the electoral division of Malmesbury.

VII. The thirty-two elective members shall vacate their seats at the expiration of five years from the date of their first election, and thereafter, at the end of five years from the date of any general election of such members, their seats shall become vacant, and there shall be a new election.

VIII. All persons who by virtue of any provision of the Constitution Ordinance which is now in force, and which is hereby retained in force, or of any other law relating thereto, are entitled to vote at the elections of the Legislative Council and of the House of Assembly as at present constituted, shall be entitled to vote at the elections of members of the Legislative Council hereby created, and all laws now in force for the registration of voters in the several divisions shall continue in force within the same, and all persons who may be hereafter registered in conformity with the same, shall be entitled to vote at all elections to be held under the provisions of this Act.

IX. The qualification for elective members of the Legislative Council to be hereby established shall be that established by the forty-seventh section of the Constitution Ordinance for members of the House of Assembly.

X. It shall be lawful for the Governor, at any time after the taking effect of this Act, to appoint, by Proclamation to be published in the Government Gazette, a day for the election of members for the Legislative Council, and by such Proclamation to appoint the returning officer for each electoral division and the polling officers, and fix the several polling places for the same, and the polling shall commence at eight o'clock and finally close at five o'clock on the same day; every such Proclamation shall be published not less than thirty days before the day fixed for polling.

XI. No person shall be deemed a candidate at any election of members of the said Council for any electoral division unless he shall have been invited to become such candidate by a requisition in writing, signed by not less than twenty-five of the persons qualified to vote in the election of a member for the said division, every such signature being accompanied by a full and correct address of the person so signing, and shall have accepted such requisition in writing under his hand, and shall have transmitted to the Colonial Secretary, within the time limited on this behalf, such requisition, with such acceptance thereof, together with an obligation signed by himself and by two sufficient sureties, binding themselves for the payment, in equal proportions with any other candidates who may be proposed for the same electoral division, of the expenses of such election (not exceeding the sum of —— pounds sterling), as the said expenses shall be sanctioned and allowed by the Governor.

XII. No person shall be entitled to sign a requisition to more than one candidate, or to sign more than one requisition in respect of the same election; and if the same person shall sign more than one, his signature shall be expunged from all, and he shall not be capable of signing another for the election in respect of which he shall have so signed.

XIII. The Governor shall, by Proclamation or Proclamations to be published in the Government Gazette not less than ——— days before the day appointed for taking the poll, call upon all candidates to transmit to the Colonial Secretary, on a day to be named in such Proclamation, the requisition, acceptance, and security bond hereinbefore mentioned; and the Governor shall, by Proclamation or Proclamations, to be published in like manner not less than ——— days before the day appointed for taking the poll, declare the names of the candidates for the several electoral divisions who shall have complied with the provisions of this section, who shall thereupon be deemed to be eligible to be elected.

XIV. No person shall be permitted to vote in any electoral division for any member of the said Council, except a person whose name shall be inserted in the list of registered voters for such electoral division.

XV. The returning officer shall, before the day appointed for taking the poll, transmit to the person appointed to take the poll at any polling place a list of the registered voters for the division in which such polling place shall be situate, certified under the hand of the civil commissioner for such division to be correct. And the returning officer shall at the same time transmit to such polling officer the names of the eligible candidates, which shall forthwith be by him fixed up in some conspicuous place at such polling place.

XVI. The list of registered voters in the preceding section mentioned shall for all purposes and in all places be deemed and taken to be conclusive proof of the right to vote of every person registered therein; and no such list shall be opened up, or the right of any voter mentioned therein questioned in any manner or by any proceeding in the Legislative Council.

XVII. No inquiry shall be permitted at the time of polling as to the right of any person to vote, except only as follows: that is to say, that the officer taking the poll shall, if required by or on behalf of any candidate, and of his own motion if it shall appear proper, put to any voter at the time of tendering his vote, and not afterwards, the following questions, or either of them, and none other:

> Firstly,—Are you, to the best of your knowledge and belief, the same person whose name appears as A.B., of ———, on the list of registered voters for the division of ———?
>
> Secondly,—Have you already voted, either here or elsewhere, at this election?

And if any person shall wilfully make a false answer to either of such questions, he shall be deemed to be guilty of the crime of contravening this Act, and shall, on conviction, be liable to be imprisoned, with or without hard labour, for any period not exceeding two years.

XVIII. As soon as the time limited for keeping open the poll at any polling place shall have expired, the polling officer shall, with all convenient speed, deliver or securely transmit to the returning officer of the electoral division a list containing the names of all persons admitted to vote at such polling place, together with the names of the respective persons for whom such voters shall, respectively, have voted.

XIX. When and so soon as the returning officer shall be in possession of all the lists in the preceding section mentioned, he shall cast up and ascertain the number of votes given for each candidate, and shall, after notice affixed, for at least two clear days, to the court-room of the resident magistrate of the district in which such returning officer shall reside, openly declare in such court-room the state of the poll, and make proclamation of the member of the Legislative Council returned. But if in any case such returning officer shall find that by reason of any two or more candidates having received an equal number of votes, he cannot proclaim any one of them to have been duly elected, he shall call upon such candidates to draw lots publicly in his presence, either personally or by their agents duly appointed by writing under their hands, at some time and place to be by him fixed,—and shall thereafter proclaim as duly elected the candidate on whom the lot may fall,—and such returning officer shall then transmit to the Governor the name of the member elected.

XX. As soon as the Governor shall have received from the returning officers throughout the Colony the names of the members elected, he shall publish, by Proclamation in the Government Gazette, the names of such members and of the electoral divisions which they respectively represent And the day of the publication of such Proclamation shall, for the purposes of the seventh section hereof, be deemed and taken to be the date of the election of all the elective members of the Legislative Council.

XXI. The sessions of the Legislative Council shall be held at such time and place as the Governor shall from time to time, by Proclamation to be published in the Government Gazette, appoint, and at least once in every year, so that a period of twelve months shall not intervene between the last sitting in one session and the first sitting in the next session.

XXII. No member shall be permitted to sit or vote in the Legislative Council until he shall have taken and subscribed the following oath before the Governor of the Colony, or before some person or persons authorized by such Governor to administer such oath:

> I, A. B., do swear that I will be faithful and bear true allegiance to Her Majesty Queen Victoria, her Heirs and Successors, according to law.

XXIII. Every person authorized by law to make an affirmation, instead of taking an oath, may make such affirmation in every case in which an oath is hereinbefore required to be taken.

XXIV. It shall be lawful for any registered voter to present to the said Council, through the President, a petition alleging in regard to any member that he is not qualified in terms of the ninth section of this Act; and the President shall, at the next sitting thereafter, inform the Council of the receipt and contents of the petition, and if the member do not then admit the truth of the same, the Council shall appoint a time at which, without debate, it will choose a committee of three members for inquiring into the petition; and such committee shall be chosen by writing upon a separate piece of paper the name of each member of the said Council (not being related either to the member whose qualification is in question, or to the petitioner, within the fourth degree of consan-

guinity or affinity), which pieces of paper, being all as nearly as may be of equal size, shall be put together in a box to be provided for that purpose, and the Clerk of the Council shall draw out three of the said papers one after another, and the said three members so first drawn shall form the committee, and the said committee shall, with all convenient speed, inquire into the matter of the said petition to them referred, and shall hear what shall be urged on the part of the petitioner and on the part of the member whose qualification shall be questioned, and all the evidence offered by either of them, and shall then report to the Council the result of their inquiry, and if the said committee shall unanimously, or by a majority, report that the member whose qualification shall have been so questioned is duly qualified, the petition shall be dismissed; and if the said committee shall unanimously, or by a majority, report that such member is not duly qualified, then such member shall, upon the bringing up of such report, be deemed and taken to have vacated his seat. No such petition shall be taken into consideration by the Council until the party petitioning shall have given security, to the satisfaction of the President, that he will duly pay and satisfy such sum or sums of money, if any, as he may be lawfully condemned or adjudged to pay under and by virtue of the provisions of the next succeeding section hereof.

XXV. When any petition shall, upon the report of any committee as aforesaid, be dismissed, the party petitioning shall be liable to pay to the member whose qualification shall have been called in question the sum of one hundred pounds sterling, together with and over and above any special damage, charges, or expenses which such member shall prove himself to have sustained from or expended by reason of the said petition, which sums shall be recovered by action in any competent court, together with costs of suit, unless the defendant shall in his defence succeed in proving, to the satisfaction of the said court, either that such member was not, when such petition was presented, duly qualified, or otherwise that he, the defendant, had, when such petition was presented, reasonable and probable cause for believing that such member was not so qualified. When the said defendant shall fail in proving that such member was not, at the time aforesaid, duly qualified, but shall succeed in proving that he had reasonable and probable cause for believing that such member was not duly qualified, such defendant shall still be condemned in the costs of suit. And in case such defendant shall succeed in proving that such member was not at the time aforesaid duly qualified, such defendant shall be entitled to judgment in his favour, with the costs of suit.

XXVI. It shall be lawful for any elective member of the Legislative Council, by writing under his hand, addressed to the President, to resign his seat in the said Council, and upon such resignation the seat of such member shall become vacant. And if any such member shall for one whole session of the said Council fail to give his attendance therein, without the permission of the said Council, or shall take any oath or make any declaration of allegiance, obedience, or adherence to any foreign Prince or Power, or shall do, or concur in, or adopt any such act whereby he may become a subject or citizen of any foreign State or Power, or if his estate shall be sequestrated as insolvent, the seat of such member shall thereby become vacant.

XXVII. It shall be lawful for the Governor, on receiving from the President, or from any two elective members of the said Council, a certificate under their hands, supported by such evidence as he shall consider sufficient, that any elective seat or seats therein has or have become vacant, by Proclamation, to command, in like manner, *mutatis mutandis*, as is hereinbefore directed in regard to the first elections under this Act, a new election or new elections for supplying such vacancy or vacancies; and the like proceedings shall, *mutatis mutandis*, take place in regard to such elections for supplying vacancies as are hereinbefore ordered in regard to the first elections; and no member elected to supply a vacancy shall hold his seat longer than during the term for which the member occasioning the vacancy might, but for the cause creating the vacancy, have held his seat.

XXVIII. It shall be lawful for the Governor, whenever he shall see fit so to do, to prorogue, either by speech or by Proclamation to be published in the Government Gazette, the Legislative Council, and also by speech or by Proclamation to dissolve the said Council.

XXIX. Whenever, by reason of any such dissolution or by effluxion of time, there shall be a general election of members of the Legislative Council, the like Proclamations shall be issued by the Governor and the like proceedings, *mutatis mutandis*, be had and taken in regard to any such election as are hereinbefore directed in regard to the first elections under this Act.

XXX. The provisions of the seventy-eighth, eightieth, and ten following sections of the Constitution Ordinance shall be deemed and taken to apply in all respects to the proceedings and acts of the Legislative Council hereby established.

XXXI. The provisions of the Act No. 21 of 1859, intituled "An Act for preventing Bribery, Treating, and Undue Influence at Elections of Members of Parliament," shall be and are hereby declared to be applicable to all elections to be held under the provisions of this Act.

XXXII. No part of the expenses of any election to be held under the provisions of this Act shall be defrayed out of the public revenue, and no person holding an office of profit under Her Majesty, who may be appointed by the Governor to perform any duties thereunder, shall be entitled to receive any payment for the same, save and except such reasonable expenses as may be actually incurred by him in the performance of such duties.

XXXIII. If any returning officer or any person whatsoever shall wilfully contravene or disobey the provisions of this Act, or any of them, in respect to any matter or thing which he is hereby required to do, he shall for such his offence be liable to be sued in any competent court, by any voter, or person claiming to be a voter, or a candidate, or a member actually returned, or other party aggrieved, for the penal sum of one hundred pounds sterling, and the plaintiff shall recover the said sum or such lesser sum as such court shall think he ought to pay for such offence, with full costs.

VIII. Any officer of the Customs may go on board any coasting ship in any port or place in this Colony, or at any period of her voyage, search such ship and examine all goods on board and all goods then lading and unlading, and demand all documents which ought to be on board such ship, and the Collector or other proper officer may require that all or any such documents shall be brought to him for inspection, and the master of any ship refusing to produce such documents or to bring the same to the Collector or other proper officer when required, shall forfeit and pay the sum of twenty pounds sterling.

IX. Wherever in this Act the words "proper officer" shall have been used, the said words shall be interpreted to mean any officer who under the provisions of the fifth section of the Ordinance No. 6 of 1853 may be authorized as therein mentioned either before or after the performance of any act to perform the same.

X. All the powers and authorities vested in the Governor by the seventy-second section of the Ordinance No. 6 of 1853, with respect to seizures, penalties, and forfeitures incurred under the said Ordinance shall and may by him be exercised in respect of all seizures, penalties, and forfeitures that may be incurred under this Act.

BILL

TO

Make better provision for the Construction and Maintenance of the Main Roads of the Colony.

(Transmitted to the House of Assembly by His Excellency the Governor.)

WHEREAS it is expedient that better provision be made for the construction and maintenance of the main roads of the Colony: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. The Act No. 23 of the year 1858, the Act No. 3 of the year 1859, the Act No. 25 of the year 1859, the Act No. 10 of the year 1861, the Act No. 13 of the year 1863, the Act No. 10 of the year 1864, the Act No. 17 of the year 1868, and so much of any other Act relating to main roads as shall be repugnant to or inconsistent with any of the provisions of this Act, shall be and the same are hereby repealed.

II. All and singular the roads mentioned and set forth in the schedule to this Act annexed, marked A, are hereby declared to be main roads; and it shall be lawful for the Governor, from time to time, at the request of the two Houses of Parliament, by proclamation to be published in the Government Gazette, to add to or alter the line of any main road mentioned in the said schedule, and to declare any other road not mentioned therein to be a main road, and to add or alter the line of any such lastmentioned main road.

III. From and after the passing of this Act, the construction of any part of any main road mentioned in the said schedule, not already completed, and the construction of any new main road, or part thereof, shall remain with and belong to the general Government; and the

maintenance or keeping in repair of every such main road, and of all bridges on the same, shall, except as is hereinafter excepted, belong to the divisional councils of the Colony respectively.

IV. And whereas certain portions of the said main roads and certain bridges have been constructed at great expense, and it is expedient that special provision should be made for the maintenance and repair of the same: Be it therefore further enacted that the maintenance and repair of the several portions of the main roads and of the bridges, which are severally described and set forth in the schedule B to this Act annexed, shall remain with and belong to the general Government. And it shall be lawful for the Governor from time to time, at the request of the two Houses of Parliament, by proclamation in the Government Gazette, to make the like provision for the maintenance and repair of any portion of a main road or of any bridge on the same, to be specially described and set forth in such proclamation.

V. Subject to the limitations hereinafter contained, every divisional council is hereby invested, for the purposes of this Act, with all and singular the rights, powers, and authorities set forth in the tenth, eleventh, twelfth, and thirteenth sections of the Act No. 9 of 1858.

VI. It shall be lawful for the Governor, with the advice of the Executive Council, to establish toll-bars at the bridges mentioned in the Schedule B, and on or near the portions of main roads set forth and described in the said schedule, or which shall be hereafter set forth and described in any proclamation to be published under the provisions of the fourth section hereof, and likewise at the several ferries mentioned in the Schedule C hereto annexed; and such persons as shall be authorized by the Governor so to do shall be entitled to demand and receive at such toll-bars respectively the several tolls set forth in the Schedule D to this Act annexed.

VII. From and after the passing of this Act it shall not be lawful for any divisional council to establish any toll-bar on any main road, or on any divisional road leading into the same, at any place within —— miles from any toll-bar to be established under the preceding section. And in any case in which any divisional council shall, before the passing of this Act, have entered into a contract for the collection of the tolls at any toll-bar within the said distance of any such lastmentioned toll-bar, then such contract shall, until the termination thereof, be deemed to have been entered into with the general Government, and all sums which would have become payable thereunder to such divisional council shall become payable to the said Government.

VIII. Subject to the provisions of the preceding section, the tolls taken at toll-bars established or to be established on any main road lying or being within any division, shall belong to the divisional council of such division; and every such council may, after having given six weeks' previous notice in the Government Gazette of their intention to establish a new toll, erect and establish, at such places as it may deem fit, upon any main road under its charge, as many toll-bars as it may deem requisite, and may demand and receive thereat such reasonable tolls as it may deem proper, to be appropriated to the maintenance and repair or improvement of such main road. But no toll-bar shall be erected or established, and no toll shall be demanded or received, without the previous sanction of the Governor, to be signified by a proclamation to be by him published in the Government Gazette.

IX. Every divisional council may, with the previous sanction of the Governor, increase the amount of tolls from time to time payable at any toll-bars in such division; and it shall be lawful for any divisional council, from time to time, with such sanction as aforesaid, at its discretion, to alter particular items in any tariff of tolls, by increasing or diminishing the same, without altering the other items of such tariff, as also to add new items or omit old items. But it shall not be competent for any divisional council to increase any toll existing at the time of the taking effect of this Act to rates or amounts exceeding treble the rates or amounts of the tolls payable at the time of the taking effect of this Act.

X. All and singular the provisions of the fifteenth, sixteenth, seventeenth, and eighteenth sections of the Act No. 9 of 1858, in regard to toll-bars and tolls, shall, so far as any divisional council is concerned, apply to such council, and to all toll-bars and tolls within such division, in like manner as if the said sections, *mutatis mutandis*, were herein again set forth and word for word repeated.

XI. It shall be lawful for every divisional council, at any time after the first day of ———, to assess rates upon the immovable property within such division, for the purpose of keeping the main roads, except such portions thereof as are by this Act devolved upon the general Government, within such division in repair, in like manner precisely as such council might now, by law, assess rates upon such property for making, improving, and maintaining the divisional roads of such division, and the valuation for the time being of such property under the Act No. 9 of 1858, as amended by the "Road Act Amendment Act, 1860," shall be the valuation for assessment under this Act.

XII. It shall be lawful for any divisional council, should it so think fit, to include in one and the same rate moneys required for the purpose of main roads and moneys required for the purpose of divisional roads; but in every case of such joint assessment, some fixed and definite proportion of the rate assessed shall be devoted to the purpose of main roads, and the remainder shall be devoted to the divisional roads, and the accounts showing the receipts and expenditure for main roads shall be kept separate and distinct from the accounts showing the receipts and expenditure for divisional roads: Provided that so much of the thirty-eighth section of the Act No. 9 of 1858 as provides that no rate shall exceed one penny in the pound upon the value of the property liable to be rated shall be and the same is hereby

XIII. Every rate assessed under this Act for the maintenance of main roads shall be payable and recoverable as if it were a rate assessed for the purpose of divisional roads, and the provisions of the thirty-ninth, fortieth, and forty-first sections of the Act No. 9 of 1858 shall apply, *mutatis mutandis*, to every such rate.

XIV. All moneys raised or received by any divisional council from any source whatever for the purposes of this Act shall be appropriated to the maintenance and keeping in repair of the several main roads within such division, and the public dams upon such roads.

XV. As often as any line of main road within any division shall pass through any municipality or corporate town, the divisional council and the commissioners of such municipality, or the corporation of such corporate town (as the case may be), shall contribute, share and share alike, to the cost of maintaining and keeping in repair that piece or portion of such main road lying within the limits of such municipality or corporate town, and the said council and the said commissioners or corporation shall, by mutual agreement, settle between them by whom or in what manner the work of maintaining and keeping in repair such piece or portion of road shall be performed: Provided that should the said council and the said commissioners or corporation be unable to agree in regard to any matter or question relating to their respective rights and duties under this section, the matter or question in controversy may by either party be submitted to the Governor, who, after hearing both parties, shall, with the advice of the Executive Council, decide the same, and whose decision shall be final.

XVI. If any divisional council shall neglect to maintain and keep in usual and customary repair any main road within the division to which such council belongs, it shall be lawful for the divisional council of any other division through any part of which the said main road shall run, or for any number of landowners within any division through any part of which the said main road shall run, not fewer than five, to require, in writing, the divisional council so in default to put the said main road lying within the said division in such repair as aforesaid; and if such council shall not, within a reasonable time after the receipt of such requisition, put the said main road in such repair as aforesaid, then it shall be lawful for the council which made the said requisition, or any five or more of the landowners aforesaid (as the case may be), to apply to the Governor, who shall appoint some competent and proper person or persons to inspect the main road which is alleged to be out of repair; and should such person or persons report that such main road is out of repair, the Governor shall, by some writing, signed by the Colonial Secretary, direct the divisional council in default to put the said road into such repair as aforesaid within some reasonable time, to be limited in such writing; and unless, within such time, the said council shall put the said main road into such repair, then the Governor shall cause the same to be put into such repair, and the sum expended in putting the same into such repair, together with the reasonable expenses of the person or persons who made the inspection aforesaid, shall be a debt due by the said divisional council: Provided, also, that a certificate, signed by the Auditor of the Colony, and setting forth the amount of such debt, shall in all courts and places be conclusive evidence of the amount thereof.

XVII. It shall be lawful for the Colonial Secretary, acting for and on behalf of Her Majesty the Queen, to sue the divisional council aforesaid for the amount of any such debt as aforesaid.

XVIII. Whenever any main or divisional road shall have been diverted, or any new road shall have been declared open between any two points, it shall and may be lawful for the Governor, in the case of a main road, and for the divisional council of the division in which the old line so diverted or lying between the points between which such new road shall be opened, in the case of a divisional road, or if such old line shall lie in more divisions than one, then for the divisional councils in which the same shall lie, to proclaim by notice in the Government Gazette that such old line shall be abandoned and closed as a line of road; and thereupon all public rights of way thereon shall cease and determine, and the owner of the land through which the same shall pass shall be at liberty to use his land as if no such old line had existed thereon or thereover.

XIX. In case there should not be at any time after the taking effect of this Act, in any division, for the space of three months, any divisional council, then it shall be lawful for the Governor, by proclamation, to annex such division to any adjoining division in and for which division a divisional council shall exist, and thereupon the divisional council of such lastmentioned division shall become the divisional council of the other division so annexed, and shall be competent to exercise, and is hereby required to exercise, all and singular the powers and authorities which might under this Act have been exercised by the divisional council of the division so annexed, did such council exist: Provided, however, that such annexation shall take place only for the purposes of this Act, and not for any other purpose; and provided also, that, notwithstanding any such annexation, the divisional council of the division to which any other division shall have been annexed shall frame the accounts in the twenty-third section of this Act mentioned in such a way as to keep the receipts and expenditure of the division which shall have been so annexed as aforesaid distinct and separate from the receipts and expenditure of the division to which such division shall have been annexed.

XX. Notwithstanding anything in the preceding section mentioned, it shall be lawful for the Governor, under the circumstances therein set forth, instead of annexing the division in and for which no divisional council shall exist to another division, to nominate and appoint, by proclamation, such number of fit and proper persons as he shall select, being not less than five nor more than seven, to be the road council of such division, for the purposes of this Act, and every such nominated road council shall be competent to exercise, and is

hereby required to exercise, all and singular, the powers and authorities which might under this Act have been exercised by a divisional council duly elected, did such a council exist: Provided that the persons so nominated and appointed may or may not be persons resident within such division, as may be found convenient: And provided that every nominated council shall go out of office at the end of three years, reckoned from the day of the publication of the proclamation appointing such council, and be succeeded by another council to be appointed by proclamation as aforesaid, and so on, as long as no divisional council shall be elected for such division.

XXI. Should any division which shall have been annexed as aforesaid to any other division, or for which a divisional council shall have been appointed as aforesaid, at any time after such annexation or appointment, elect and have a divisional council for such division, it shall be lawful for the Governor, by proclamation, to revoke and annul such annexation or appointment from and after such convenient day as the Governor shall fix and announce; and from and after such day, but not sooner, the divisional council so elected shall be deemed and taken to be in office, and shall take over from the divisional council previously in office all moneys, contracts, officers, matters, and things belonging to the administration of such council in regard to such division, in the plight and condition in which they shall then be, precisely as if the period of office of such previous council had terminated by effluxion of time.

XXII. The twenty-fifth section of the Act No. 9 of 1858 shall be and the same is hereby repealed; and no road within the limits of the municipality of Cape Town shall henceforth be held to be a main or divisional road; and as often as any rate for road purposes shall be assessed and imposed by the divisional council of the Cape division upon the immovable property within such division, then as regards all such property liable to rate within the said municipality, every such rate shall be deemed and taken to be one half, and no more, of the rate so assessed and imposed.

XXIII. Every divisional council shall cause an exact and particular account to be kept, and to be made up and balanced at the end of each year, of all moneys raised and collected or otherwise received by such council or by any person on its behalf, under the provisions or for the purposes of this Act, and of all rates assessed under this Act due and in arrear, and of all disbursements made and expenses incurred by the said council for the said purposes, distinguishing the amount derived from each source of receipt, and shall furnish a copy of such account, together with all necessary vouchers, to the Governor, in order that the same, after having been audited by the Auditor of the Colony, may be laid before both Houses of Parliament.

XXIV. Every valuator appointed after the taking effect of this Act by any divisional council, under the twenty-seventh section of the Act No. 9 of 1858, shall, before entering upon the valuation entrusted to him, take, before any Resident Magistrate in the division to which such council belongs, the following oath:

> I, A.B., do solemnly swear that I will, to the best of my skill and knowledge, and without fear, favour, or prejudice, truly and impartially appraise and value all such property as I shall be called upon to appraise and value in the division of ———, for the purpose of road assessment, and that I shall conscientiously value the same at and for the full and fair price or sum which such property would, in my judgment, be likely to realize if brought at the time of such valuation to voluntary sale, and sold upon the terms and conditions usual in the said division. So help me God!

Sworn at ———, this —— day of ———, 18—.

Before me,

C.D.,

Resident Magistrate.

XXV. Every such oath as aforesaid shall be lodged with and preserved by the divisional council to which it relates.

XXVI. The presiding member of any such court as is in the thirty-fourth and thirty-fifth sections of the Act No. 9 of 1858 described, shall, before the said court proceeds to hear objections to any valuation, take himself, in open court, the following oath:

BILL

FOR

The Establishment of a Government Paper Currency.

(Transmitted to the House of Assembly by His Excellency the Governor.)

WHEREAS it is desirable to establish a Government Paper Currency in this Colony, convertible for specie on demand: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. It shall be lawful for the Governor, by proclamation, to appoint five fit and proper persons to be and to be styled Currency Commissioners of the Cape of Good Hope.

II. Of the said five commissioners, two shall at all times be persons holding office of profit in this Colony under Her Majesty the Queen, and three shall at all times be persons not holding any office of profit under Her Majesty the Queen.

III. If any commissioner for the time being shall die, resign, become insolvent, assign his estate for the benefit of his creditors, or quit the Colony for any period exceeding three months, or having been the holder of an office of profit as aforesaid, shall cease to be the holder of such office, or not having been the holder of an office of profit, shall have become the holder of such office, or if any commissioner shall be removed by the Governor by proclamation, then the office of such commissioner shall cease and determine, and another commissioner shall, in manner aforesaid, be appointed in his room and stead.

IV. At all meetings of the said commissioners, and for the transaction of any business coming before such commissioners, three commissioners shall form a quorum.

V. It shall be lawful for the Governor, by any such proclamation as aforesaid, to appoint one commissioner to be the chairman of such commissoners, but such chairman shall only have an original vote, and shall not have a casting vote; but in the absence of the chairman at any meeting of the commissioners, any member of the commission may be voted to the chair.

VI. It shall be lawful for the Treasurer-General of the Colony, with the approval of the Governor, to pay over from time to time to the Currency Commissioners, for the purposes of this Act, so much of any gold or silver coin legally current in this Colony as may be held by the Government, and may not be required for the lawful purposes of the said Government; and all such gold and silver coin so paid over shall be deposited by the said Currency Commissioners in a vault, having three different locks, of which the keys, respectively, shall be kept by such three of the said commissioners as shall be by the said commissioners from time to time selected for that purpose, one of which three shall always be one of those commissioners holding office of profit; but no such key shall open more than one of the said locks.

VII. When and so soon as any gold or silver coin shall have been paid over and deposited as aforesaid, it shall be lawful for the Currency Commissioners, on the requisition of the Governor, to issue to the Treasurer-General, for the purposes of the Government, and for the issue and currency of the Colony, notes of the Government of the Cape of Good Hope, to be made payable to the bearer on demand, in the manner and in the proportions hereinafter stated,—that is to say, so long as the sum of gold and silver coin so deposited as aforesaid in the said vault shall not exceed the sum of twenty thousand pounds, then a sum in the said notes, reckoning the same at par, equal to the sum for the time being as aforesaid. So long as the amount of the said notes so for the time being issued as aforesaid to the Treasurer-General and outstanding shall exceed the sum of twenty thousand pounds, and shall not exceed the sum of one hundred thousand pounds, it shall be lawful to keep issued and outstanding the said sum of twenty thousand pounds in such notes as aforesaid, and in addition thereto for every three pounds in coin which shall be for the time being so deposited as aforesaid in excess of the said sum of twenty thousand pounds, a sum of five pounds in such notes as aforesaid; so that, so long as the sum of such notes issued and outstanding shall amount to one hundred thousand pounds, the sum of gold and silver coin in deposit shall not be less than sixty-eight thousand pounds. IX. It shall not be lawful to issue and keep outstanding any such notes as aforesaid in excess of the said amount of three hundred thousand pounds.

X. Nothing herein contained shall be deemed to compel the

Governor to demand from the Currency Commissioners, or to compel the Treasurer-General to issue for general circulation, the full amount which, under the preceding sections hereof, they would be empowered for the time being to call for or issue respectively.

XI. XII. The said notes shall be legal tender for the amount of the same respectively throughout the Colony and Dependencies of the Cape of Good Hope, at all places and between all persons, save only at the office of the Treasury in Cape Town.

XIII. There shall not be delivered out of the said vault by the Currency Commissioners, or by any other person, any sum of gold or silver coin once deposited as aforesaid, save only to the Treasurer-General, upon the warrant of the Governor, and in exchange for a sum in the said notes equal to the sum so to be delivered out. And any person contravening this enactment shall be liable to fine and imprisonment, with or without hard labour, to any such amount and for any such period respectively, or to such one or other of such penalties, as the court before which he shall be tried for such offence shall see fit to order.

BILL

FOR

Amending the Law relative to the Registration and Qualification of Voters, and to the Election of Members of Parliament, and for the more effectual Prevention of the Personation of Voters, and for other purposes connected with Elections.

(Introduced into the House of Assembly by W. PORTER, *Esq., M.L.A.)*

WHEREAS it is expedient to amend, in certain respects, the law relative to the Registration of Voters and the Election of Members of Parliament, and to provide for the more effectual prevention of the personation of Voters, and for other purposes connected with Elections: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and the House of Assembly thereof, as follows:

I. The several sections of the Ordinance for constituting a Parliament in this Colony, commonly called the Constitution Ordinance, from the 22nd to the 31st (both inclusive), and the 27th section of the Act No. 16, 1856, intituled "An Act for amending the Law relative to the Registration of Voters and to the taking of Polls," are hereby repealed in so far as they relate to the electoral division of Cape Town, but no further.

II. The list of voters for the electoral division of Cape Town shall be made out by some fit and proper person, to be nominated for that purpose by the Governor of this Colony, by Government Notice in the Government Gazette, which person shall be called the registering officer for the electoral division of Cape Town.

III. For the purpose of this Act it shall and may be lawful for the Governor aforesaid, by Proclamation in the Government Gazette, to divide that part of the electoral division of Cape Town which consists of the municipality of Cape Town into so many districts as the said Governor shall deem expedient, not exceeding six, and to define or describe the boundaries of such districts respectively, which districts shall be numbered in numerical progression, beginning with No. 1: Provided that it shall be lawful for the said Governor, from time to time, as occasion shall require, to lessen the number of districts for the time being, or to alter their boundaries or the boundaries of any of them, as convenience may require.

IV. The registering officer aforesaid shall employ so many fit and proper persons as the Governor aforesaid shall authorize him to employ, whose duty it will be to collect the names of persons entitled to be registered as voters in the several districts into which the municipality of Cape Town shall have been divided, and in the municipality of Green Point, which municipality shall constitue a separate district, to be called the Green Point district. And the names of all persons so appointed, and the districts in which they are respectively to act, shall be announced by the registering officer in the Government Gazette. But it shall be competent for the registering officer to employ any of the said persons in any of the said districts, whether that in which he was announced as intended to act or not.

V. It shall be the duty of the registering officer aforesaid to procure and supply to each person employed by him, as in the last preceding section mentioned, to collect the names of voters in any of the districts aforesaid, a sufficient number of printed papers, in the form in the schedule to this Act set forth. The contents of every such paper shall be printed on one side in the English language and on the other side in the Dutch language.

VI. Every person employed as aforesaid to collect the names of voters, being supplied with such printed papers as aforesaid, shall, upon such day or days as the registering officer shall in that behalf appoint, leave at every house, warehouse, or other building in such district, i which any person shall be found to receive the same, one of the sai printed papers, to the end that the blanks in the said paper may be filled up in manner and form as in the said paper directed: Provided that as often as any warehouse or shop shall be a part of, or shall communicate with any house or building, and shall be occupied by the same person who occupies such house or building, it shall be sufficient to leave the said paper either at such house or building, or at such warehouse or shop.

VII. On such day or days as the registering officer shall in that behalf direct, not being less than two clear days from the day on which such printed papers as aforesaid shall have been left as aforesaid in any district, the person who left the same or some other of the persons employed as aforesaid shall call for the said papers at the places where the same were left, and having obtained the said papers shall deliver them to the registering officer.

VIII. If the person who shall have called for and obtained any such paper as aforesaid shall find that the same has not been filled up, or has been filled up informally, he shall, if practicable, get the same paper or another paper filled up properly, so that the same shall show legibly,

1stly. The christian name and the surname of the claimant, and if he have more christian names than one, then all his christian names, written at full length.

2ndly. The street and the number of the street in which the claimant resides.

3rdly. The trade, profession, or other occupation of the claimant; and

4thly. The nature of the qualification from or out of which the claimant claims a right to be registered as a voter.

Should the house, warehouse, shop, or building at which any such paper as aforesaid shall have been left, not be situated in any street, or not in any street or place having a name, then the part of the paper left blank for the insertion of the street and number need not be filled up, or may be filled up in such a way as to designate, as well as may be, the situation of such house, warehouse, shop, or building. By the term "residence" in this and in the next succeeding section is meant the house, warehouse, shop, or other building at which the printed paper shall have been left, whether the occupier lives there or not; and by the term "christian name" is meant in this Act any name prefixed to the surname, whether received at christian baptism or not.

IX. As soon as the registering officer shall be in possession of the printed papers collected in the several districts by the persons employed as aforesaid for that purpose, he shall frame from such papers a temporary or provisional list of the claimants in each district, beginning with district No. 1; and ending with the Green Point district and in framing such list he shall, in regard to each district, pursue an alphabetical order, and shall set forth the christian name or names and the surname of each claimant at full length, and not otherwise, and shall state opposite to each name the residence of the claimant, his trade or other description, and the nature of his qualification, as such particulars appear upon or from the printed papers in the registering officer's possession. And, should such officer find that any of the said papers does not contain all such particulars as aforesaid, he shall cause the same to be returned to the claimant to whom such paper relates, in order that it may be amended.

X. Should the registering officer have reason to believe or suspect that the same person appears by the printed papers in the possession of such officer to be a claimant for registration in more districts than one or more than once in the same district, whether by reason of the occupation by such person of premises in more than one district, or in more than one place in the same district then such officer shall cause to be delivered at every house, warehouse, or shop, other building, at or from which any printed paper containing the name of such person was obtained, a notice which shall be in substance as follows:

NOTICE.

Inasmuch as there is reason to believe that the name —— —— (here state the claimant's name at length) which name is found as that of a claimant for registration as a voter in more districts than

one (or "more than once in district No. —"), refers to one and the same person, namely, Mr. ———, who resides in district No. — (or "in —— street, in district No. —"), notice is hereby given that unless cause to the contrary be shown to me at ——— at — o'clock in the forenoon on the — instant, the name of the said Mr. ——— will be placed on the list of claimants in district No. —, and not on the list of claimants in any other district (or "will be placed only once on the list of claimants in district No. —").

Cape Town, this —— day of ———, 18—.

A.B., Registering Officer.

And should no cause to the contrary be shown at the appointed time and place, then the name of the person in question shall be placed upon the list of claimants, in conformity with the terms of the said notice. In case any such claimant as is in this section referred to be a person who, being qualified to be registered in more districts than one, shall not reside within the electoral division of Cape Town, then he shall be registered in whichever of such districts he shall himself select, and failing such selection, then in whatever district the registering officer shall determine.

XI. As soon as may be after the registering officer aforesaid shall be in possession of the printed lists obtained from the several districts which shall for the time being constitute the electoral division of Cape Town, he shall publish in the Government Gazette, and by printed placards posted in such places as he shall deem necessary, a notice, stating that he will attend at a certain time and place, to be specified in such notice, for the purpose of receiving and taking down the names of all persons claiming to be registered as voters in any of the districts aforesaid who have not signed and delivered over as aforesaid printed lists containing their claims to be so registered, which notice shall be in substance as follows:

REGISTRATION OF VOTERS.

The undersigned will attend on ——— (name the day or days of the week, and state the day or days of the month and the year) at ——— (state the place), from nine o'clock a.m. till four o'clock p.m., for the purpose of taking down the names of all such persons as claim to be registered as voters in the elec division of Cape Town, and who have not already signed and delivered over, in reference to the present registration, printed papers making their claims. All persons claiming before me must claim in person, or by an agent authorized by some writing, signed by the claimant and witnessed by at least one witness, which agent must be able to state in full the claimant's christian name or names and his surname, his residence, his trade, profession, or other description, and the nature of his qualification to be registered.

Dated, Cape Town, this ——— day of ———, 18—.

(Signed) A. B., Registering Officer.

XII. It shall be lawful for the registering officer aforesaid instead of fixing the same time and place for taking down the names of such claimants as aforesaid for the whole of the districts constituting the said electoral division, to fix a different time and place for each district of such division, or for so many districts of such division as he shall deem expedient to group together; and as often as different times and places shall be fixed in reference to all or any of the districts constituting the electoral division aforesaid, the notice aforesaid shall be altered accordingly.

XIII. The registering officer, attending in conformity with the notice given by him as aforesaid, shall take down at full length the christian name or names and the surname of each claimant, the street and the number of the street in which such claimant resides, the trade, profession, or other description of such claimant, and the nature of the qualification from or out of which such claimant claims a right to be registered as a voter. In case the residence of such claimant shall be elsewhere than within the electoral division aforesaid, then, instead of his place of residence, there shall be taken down the street and number of the street in which is situate the house, warehouse, shop, or other building from or out of which such claimant claims a right to be registered as a voter.

XIV. It shall be lawful for the registering officer to explain to any person claiming before him as aforesaid the nature of th equalifications in the eighth section of the Constitution Ordinance and in fifty-eighth and fifty-ninth sections of this Act specified as entitling persons to be registered as voters, and to interrogate such person so far as may be reasonably necessary, to ascertain that such person comprehends the nature of such qualifications, and distinctly avers that he possesses the particular qualification by him alleged. Any person who shall falsely, knowingly, and wilfully aver to such registering officer, whether in answering questions put to him or otherwise, that such person possesses a certain qualification to be registered which he does not in fact possess, shall, upon conviction, be liable to a fine not exceeding £—, and, in default of payment, to imprisonment with or without hard labour for any period not exceeding ——— months. If any claimant shall refuse or decline to answer any proper and reasonable question put to him by the registering officer for the purpose of ascertaining the existence of the qualification which such person shall allege that he possesses, then the name of such claimant shall not be taken down, or, if taken down, shall be expunged. Nothing, however, in this section or in the next succeeding section contained shall prevent any person whose name shall not have been taken down, or, having been taken down, shall have been expunged, from afterwards making his claim to be registered in manner and form as hereinafter in the eighteenth and nineteenth sections of this Act provided.

XV. The name of no claimant whose name appears upon the temporary or provisional list of claimants which is in the ninth section of this Act mentioned shall be taken down by the registering officer, and if any doubt or question shall arise whether any person appearing in person or by agent before the registering officer, and desiring to have his name taken down, is a person whose name appears upon the said temporary or provisional list, then the registering officer shall summarily inquire into the matter, and his decision shall, for the purpose of the list of claimants to be posted as hereinafter in the next succeeding section of this Act directed, be final and conclusive.

XVI. As soon as may be after the registering officer shall, in manner aforesaid, have taken down the names of all such claimants as are in the eleventh section of this Act described, he shall add their names, in their respective districts and in alphabetical order, to the temporary or provisional list in the ninth section of this Act mentioned, and shall cause a copy of such list as thus completed, legibly written, to be posted upon or affixed to some public place in Cape Town, there to remain for not less than seven days.

XVII. Besides posting or affixing, as in the last preceding section mentioned, the list of claimants in or belonging to the whole of the districts into which the electoral division of Cape Town shall for the time being be divided, the registering officer shall cause to be posted upon or affixed to some public place in each district, there to remain for not less than seven days, a copy of so much of the said list as contains the names of the claimants in or belonging to the said district.

XVIII. Subjoined to each of the lists in the two last preceding sections mentioned shall be a notice written in both the English and Dutch languages, and signed by the registering officer, which notice shall be in substance as follows:

NOTICE.

Notice is hereby given that if any person whose name is not inserted in the above list shall claim to have his name inserted therein, or if any person whose name is inserted therein shall object to the right of any other person whose name is inserted therein to be registered as a voter, such person may lodge with the undersigned, at ———, on or before the —— day of ———, 18— (here insert some day not sooner than ten nor later than twenty-one days next after the day of the posting of the list to which notice relates), his claim or objection (as the case may be), in order that such claim or objection may be recorded and dealt with as the law directs.

Dated at Cape Town, this —— day of ———, 18—.

(Signed) A. B., Registering Officer.

XIX. Every claim to be made in pursuance of such notice as aforesaid shall be marked on the outside, "Claim to be registered as a Voter," and shall be in substance as follows:

This is to give notice that I hereby claim to have my name inserted in the list of voters in district No. —— (or district of Green Point, as the case may be), and that my qualification arises from the occupation of (here state "house," "warehouse," "shop," or other building, and the street and number of the street in which it is situated; or, should it not be in a street having a name and numbered houses, describe it otherwise as well as may be).

Dated this —— day of ———, 18—.

(Signed) E. F., Carpenter.

In case the qualification of the claimant shall be "salary" or "wages," or any such qualification as is in the fifty-eighth or the fifty-ninth section of this Act provided, then the above form of the claim shall be altered accordingly.

XX. Every objection to be made in pursuance of such notice as aforesaid shall be marked on the outside "Objection to the Registration of a Voter," and shall be in substance as follows:

This is to give notice that I hereby object to the name of ——— being retained on the list of voters for district No. —— (or "the district of Green Point," as the case may be), and the ground of my objection is (here state the ground of objection).

Dated this —— day of ——— 18—.

(Signed) G. H.

XXI. Every person claiming as in the nineteenth section of this Act mentioned shall sign his christian name or names and his surname at full length, and shall also state what is his trade, profession, or other description. And every person objecting as in the twentieth section of this Act mentioned shall, together with his name (which it shall not be imperative to write at full length), state his residence. No claim or objection which shall omit any of the particulars by this section required shall be attended to.

XXII. As soon as may be after the lists in the sixteenth and seventeenth sections of this Act mentioned shall have been posted or affixed, the resident magistrate of Cape Town shall, by notice in the Government Gazette, inform all whom it may concern that the said magistrate will attend at his court-room, on some day and at some hour to be specified in such notice, for the purpose of revising and amending the voters' list for the electoral division of Cape Town. Such notice

shall specify, for the holding of such court, a day later by not less than seven days than the day named in the notice in the eighteenth section of this Act as the latest day for lodging claims and objections.

XXIII. As soon as may be after the expiration of the latest day for lodging claims and objections, and not later than forty-eight hours before the hour announced for the sitting of the resident magistrate for the purpose of revising and amending the voters' list as aforesaid, the registering officer shall deliver to such resident magistrate a correct copy of the list in the sixteenth section of this Act mentioned, in the plight and condition in which it was posted as in the said section enjoined, together with another list, containing the names of all persons not inserted in the said list, who shall, in terms of the notice in the eighteenth section of this Act mentioned, have claimed to be inserted therein, and also a third list containing the names of all persons inserted in the list aforesaid, as posted and affixed, whose right to be so inserted shall have been objected to. And the registering officer shall, when delivering the said lists to the resident magistrate, deliver to him also the original writings containing all claims and objections. The registering officer shall, moreover, not less than forty-eight hours before the hour appointed for the sitting of the resident magistrate to revise and amend the list aforesaid, cause notice in writing to be given to every person inserted in the said list as posted whose right to be so inserted shall have been objected to, that the hearing of such objection will come on before the resident magistrate at the sitting appointed to be held by him for the purpose aforesaid.

XXIV. The resident magistrate of Cape Town shall on the day and at the hour by him announced as aforesaid attend in his court-room; and it shall be lawful for any person not inserted in the voters' list as posted who shall have claimed in writing to be inserted therein, and for any person who shall in writing have objected to the right of any person inserted in the said list to be so inserted, and for any person who shall have been so objected to, to come before such magistrate, and such magistrate shall hear all such parties, and if he shall think fit, take their evidence upon oath, and may, should he think fit, summon before him and examine upon oath any person whom he shall in the course of such inquiry deem it necessary to examine, and may impose a fine not exceeding ten pounds on any person duly summoned who shall, without lawful cause, refuse or neglect to attend; and such magistrate shall finally determine all questions brought before him, and revise and amend the voters' list as so posted as aforesaid according as justice shall require. The resident magistrate may if necessary adjourn his sitting from time to time.

XXV. Every person who shall have claimed as aforesaid to be inserted in the list aforesaid shall be bound to prove his qualification to the satisfaction of the resident magistrate; and should such claimant not appear, either in person or by his general agent or by some agent specially authorized in writing by such claimant, the claim of such person shall be dismissed.

XXVI. If the person who shall have objected to the right of any other person to be inserted in the list aforesaid shall not, either in person or by some agent specially authorized in writing by such objector, appear to make good his objection, such objection shall, without requiring any appearance or proof on the part of the person objected to, be dismissed. If the objector shall appear, and if the person objected to shall not appear in person, and the ground of objection shall be one peculiarly within the knowledge of the person objected to, then, in case the objector, or, should he have appeared by agent, his agent, shall make oath to the belief of the deponent that such ground of objection does really exist, the magistrate may either at once allow the objection or make some further inquiry, as shall appear just.

XXVII. It shall be lawful for the resident magistrate, should it appear right and fitting so to do, to adjudge to any person objecting or objected to such reasonable costs against the adverse party as such magistrate shall tax and allow, to be recovered in like manner as if costs between party and party in a civil action tried and determined in the court of the said magistrate.

XXVIII. As soon as the resident magistrate aforesaid shall, in manner aforesaid, have revised and amended the voters' list aforesaid, he shall cause to be made out and safely kept in his office the said list as so revised and amended, and such list shall be and remain the list of registered voters for the electoral division of Cape Town, until a fresh list shall have been framed in manner as hereinafter provided.

XXIX. The list of registered voters for the electoral division of Cape Town, as in the last preceding section mentioned, shall be completed as soon as conveniently may be after the taking effect of this Act; and the resident magistrate shall, upon the completion of such list, report to the Colonial Secretary that it has been completed.

XXX. When and as often as any such proclamation as is mentioned in the second section of the Act aforesaid, No. 16, 1856, shall be issued for or with reference to a general biennial registration of voters throughout the Colony, then all and singular the foregoing provisions of this Act shall (except as hereinafter excepted) be put again in force, for the purpose of obtaining, from time to time, successive lists of registered voters in and for the electoral division of Cape Town, precisely as if no previous list had ever been framed; and so on for ever: Provided that it shall not be necessary, in regard to any registration after the first, to issue any such proclamation as is in the third section of this Act mentioned, so long as the Governor shall see fit not to alter the number or limits of the districts into which the municipality of Cape Town shall, for the time being, be divided for the purposes of this Act: Provided, also, that no proceedings under this Act for framing a second or fresh list of registered voters in and for the electoral division of Cape Town shall take place until the issue of a proclamation under the 2nd section of the Act aforesaid, No. 16, 1856, for the purpose of the general biennial registration to take place under that Act in the year 1872.

XXXI. As often as it shall be necessary, after the completion under this Act of a list of registered voters for the electoral division of Cape Town, to take a poll in the said division for members or for a member of either House of Parliament, then one polling place shall be by Government notice in the Government Gazette, appointed or established in each of the districts into which the said electoral division shall, for the time being, be divided, and the polling officer appointed by Government notice in the Government Gazette to take the poll in each district shall be furnished with a list of voters in and for such district; and no voter shall be competent or permitted to vote except at the polling place of the district in and for which he is registered. But the fact that any voter registered in any district shall have ceased at the time of taking the poll to possess the qualification in regard to which he was registered in such district shall not deprive him of the right to vote in such district so long as his name remains inserted in the list of voters in such district.

XXXII. As often as any such poll as is in the last preceding section mentioned shall be taken in the said electoral division, such poll shall remain open for one day, and no longer, and the same day shall be appointed for taking the poll in the whole of the districts constituting the said electoral division.

XXXIII. The polling officer appointed to take the poll in each district of the electoral division aforesaid shall be assisted by some person acquainted as generally as possible with the inhabitants of such district, which assistant shall be appointed by Government notice in the Government Gazette, and the duty of such assistant shall be to detect and disclose all attempts which may be made to personate any of the registered voters; and such assistant to the polling officer shall, before acting as such, make oath before the polling officer, who is hereby authorized to administer such oath, that he will perform his duty as such assistant without fear, favour, or prejudice.

XXXIV. It shall be the duty of the polling officer at each polling place in the electoral division aforesaid, and he is hereby authorized and required, to prevent any one from entering or remaining in the polling place during the hours of voting except the returning officer of the electoral division, the assistant aforesaid, the candidates in regard to whom the poll is taken, or, in the absence of any of the latter, a representative for each absent candidate (which representative shall be authorized by some writing under the hand of such candidate to represent him), and the voters, or persons claiming to be voters, coming to give and whilst giving their votes.

XXXV. No person shall be permitted to enter or remain in any polling place during the poll whilst he shall wear, carry, or display any cockade, ribbon, or other mark distinguishing the friends or supporters of any of the candidates in regard to whom the poll is being taken.

And in regard to the electoral division of Graham's Town: Be it enacted as follows:

XXXVI. All and singular the preceding sections of this Act shall, except as hereinafter excepted, apply, *mutatis mutandis*, to the electoral division of Graham's Town; and wherever, in any of the said sections, the resident magistrate of Cape Town is mentioned, then in regard to Graham's Town, the resident magistrate of Albany shall be understood to be meant: Provided that the whole electoral division of Graham's Town may be treated and considered as one district, in case it shall not appear to the Governor to be necessary or convenient to divide it into different districts.

And in regard to the several electoral divisions of the Colony, other than the divisions of Cape Town and Graham's Town: Be it enacted as follows:

XXXVII. As often as there shall be, within any such electoral division, a municipality or corporate town, now forming or hereafter to be formed into a distinct field-cornetcy, and the commissioners or council of such municipality or the town council of such corporate town shall, at any meeting thereof, resolve that it would be for the public advantage to extend to such municipality or corporate town the provisions of this Act, or such of them as may not be deemed inapplicable to such municipality or corporate town, it shall be lawful for the Governor, with the advice of the Executive Council, upon the application of the commissioners or council of such municipality, or of the town councillors of such corporate town, to declare and provide, by proclamation in the Government Gazette, that the provisions of this Act in reference to the electoral division of Cape Town, with such exceptions, if any, and such adaptations as the Governor shall approve of and proclaim, shall be in force within the field-cornetcy constituted by such municipality or corporate town, precisely as if the said provisions, with such exceptions and adaptations, had been by this Act expressly applied to such municipality or corporate town.

XXXVIII. No voter shall be permitted to vote in any electoral division, other than Cape Town and Graham's Town, except in the field-cornetcy in which his name is registered, anything in the Constitution Ordinance to the contrary notwithstanding.

And in regard to all and singular the several electoral divisions of this Colony, without distinction: Be it enacted as follows:

XXXIX. The forty-second and fifty-second sections of the Constitution Ordinance are hereby repealed.

XL. The polling officer at any polling place shall, if required by or on behalf of any candidate, and may, of his own motion, when he shall deem it fitting, put to any person coming to vote, at the time of tendering his vote, but not afterwards, the following questions:

1st. What is your name in full?
2ndly. Where do you live?
3rdly. What is your occupation?
4thly. Are you, to the best of your knowledge and belief, the same

person whose name appears as ———— (here give the name of the registered voter as whom the person tendering his vote claims to vote) on the list of registered voters for the electoral division of ————?

5thly. (In case the poll is taken for a member or for members of the Legislative Council)—Have you already voted, either here or elsewhere, at this election, for any member of the Legislative Council? Or (in case the poll is taken for a member or for members of the House of Assembly)—Have you voted, either here or elsewhere in this electoral division, at this election for any member of the House of Assembly?

XLI. In case the person tendering his vote shall, in answer to the first of the said questions, give the surname, as registered, of the voter as whom he claims to vote, but not the christian name as registered, or not all the christian names, when more than one, and it shall appear from the answers to further questions that the person tendering his vote has no names other than those first stated by him, he shall not thereby be precluded from voting, in case it shall appear from his answers to other questions, or from the testimony of the assistant to the polling officer in the thirty-third section of this Act mentioned (when there shall be such assistant present at the poll) that the christian name or names as registered are mistaken, and that the person tendering his vote is really and truly the person intended to have been registered.

XLII. In case the person tendering his vote shall, in answer to the second or third of the said questions, state a residence or occupation different from the residence or occupation registered as the residence or occupation of the voter as whom the person tendering his vote claims to vote, such person shall be questioned as to his residence and occupation at the time of the framing of the list of registered voters upon which appears the name of the voter as whom such person claims to vote. Should it appear from the answers to such questions that he did not, at the time of the framing of such list, reside at the place registered, or did not follow the occupation registered, he shall not thereby be precluded from voting in case it shall appear from his answers to other questions, or from the testimony of the assistant aforesaid (where there shall be such an assistant present at the poll), that the residence or the occupation, or residence and occupation, as registered are mistaken, and that the person tendering his vote is really and truly the person intended to have been registered.

XLIII. As often as the list of registered voters in the hands of the polling officer shall not set forth the residence or occupation of the voter, then it shall not be necessary to put the second or third questions aforesaid (as the case may be), anything in the fortieth section of this Act notwithstanding.

XLIV. If any person tendering his vote shall wilfully make a false answer to any question which any polling officer is, by the fortieth, forty-first, and forty-second sections of this Act, authorized to put, such person shall, upon conviction, be liable to be imprisoned, with or without hard labour, for any period not exceeding two years.

And for the more effectual suppression of the offence committed by personating voters: Be it enacted as follows:

XLV. Any person who, knowing that he is not the person registered by or under a certain name upon any list of registered voters, shall nevertheless wilfully assume or pretend to be the person so registered, and shall vote or attempt to vote as being the person so registered, shall, whether any such questions as aforesaid shall have been put to him or not, be liable, upon conviction, to a fine not exceeding fifty pounds, and in case of non-payment to imprisonment with or without hard labour for any period not exceeding six months, unless the fine imposed be sooner paid. Nothing in this section contained shall affect the provisions of the last preceding section in regard to the punishment for any false answer made to any question put, but no person prosecuted to trial, either under this or the last preceding section, shall be afterwards prosecuted under the other of the said sections.

XLVI. If any polling officer shall have reasonable and probable cause for believing that any person has, in presence of such polling officer, committed an offence under or against either of the two last preceding sections of this Act, it shall be lawful for such polling officer, by verbal order to be given and acted upon before such person shall have left the polling place in which such offence, if any, shall have been committed, to authorize and require any officer of the law proper for the execution of criminal warrants, or any private person or persons, to detain in some convenient place such person so believed to have offended as aforesaid until such person shall be brought before some resident magistrate or justice of the peace, to be dealt with according to law. But if such person will, whilst so detained, give bail by two sufficient sureties in twenty-five pounds each, or one such surety in fifty pounds, that he will, when duly summoned, appear to answer the charge against him, and that he will accept service of the summons at some place to be mentioned in the bail bond, he shall thereupon be liberated. Such bail bond as aforesaid may be entered into before the polling officer who shall have ordered his detention, or before any resident magistrate or justice of the peace.

XLVII. If any person shall vote more than once at any one election for a member or for members of the Legislative Council, or more than once in any electoral division for a member or for members of the House of Assembly for such division, he shall be liable, upon conviction, to a fine not exceeding twenty-five pounds, and in case of non-payment, to imprisonment with or without hard labour for any period not exceeding three months, unless the fine imposed shall be sooner paid.

XLVIII. It shall be competent for any voter registered or alleging himself to be registered as such in any electoral division other than the electoral divisions of Cape Town and Graham's Town, who shall complain that his vote, duly tendered at the proper polling place in such electoral division, was rejected by the polling officer who took the poll at such polling place, or who shall complain that at such polling place a person not entitled to vote thereat was, whether objected to or not, admitted to vote thereat, to lodge with the civil commissioner of the fiscal division which constitutes, or, if it does not constitute, gives its name to the electoral division in which such poll was taken, his complaint in writing, stating the name of the person so registered or admitted, and requesting that the grounds of such complaint may be investigated. Such complaint must be lodged within seven days next after the day on which the poll in question was taken, otherwise no notice shall be taken of it, nor shall such poll as taken be capable of being impeached by any action or proceeding whatsoever, by any person who shall not have lodged his complaint as aforesaid within the said space of seven days. But nothing in this section contained shall affect the fifty-fifth or any other section of the Constitution Ordinance, or delay the declaration or proclamation of the member or members of the House of Assembly as in the said fifty-fifth section directed to be made by the returning officer, or delay any other act or proceeding by the said Ordinance enjoined in reference to the election of members of the Legislative Council.

XLIX. As often as the civil commissioner shall receive any such complaint in manner and form as aforesaid, he shall, in the most speedy and inexpensive manner practicable, cause the polling officer and the party complaining, and the party complained against, if any and if known, to attend before him, and shall, in their presence, inquire into the grounds of such complaint. If he shall adjudge that the vote of any person complaining that his vote was rejected was a vote which ought of right to have been received, then, in case the poll in question were a poll for a member or for members of the Legislative Council, the civil commissioner shall allow the complainant to vote in manner and form as in the forty-first section of the Constitution Ordinance specified, precisely as if such civil commissioner were a polling officer taking a poll, but adding, after the signature of such civil commissioner, that this vote has been taken under this section of this Act, and shall transmit the printed list, or polling paper containing such vote, to the Colonial Secretary, who shall, in case the committee of scrutineers have not completed their scrutiny, transmit the same to such committee, to be reckoned by them amongst the other votes. In case it shall be made to appear to the civil commissioner that the vote of the voter so by him allowed to vote as aforesaid had been rejected by the polling officer because another person had already personated such voter, and voted as being such voter, then the civil commissioner shall, by endorsement on the printed list or polling paper, certify that the name of the said voter had at the poll been fraudulently assumed by some person who had personated him and voted in his name; and the committee of scrutineers, receiving such printed list or polling paper bearing such endorsement, shall, besides reckoning the votes of such voter, set aside and treat as non-existent the votes upon the printed list or polling paper signed by the person who personated such voter and voted in his name, or signed at the request of such person by the polling officer, should such paper, by reason that it is the only one which came from the same polling place bearing the same name, or by any other proof afforded by any other documents in the hands of the scrutineers, be capable of being identified. In case the complaint shall be that some person not entitled to vote at such poll was admitted to vote, and did vote thereat, and the ground of such complaint shall be established to the satisfaction of the civil commissioner, he shall, in case the poll in question was a poll for a member or for members of the Legislative Council, certify in writing that it has been made to appear to him in a proceeding under this section of this Act that the person who voted at the poll in question by and under the name of ———— was not entitled so to vote; and shall transmit such certificate to the Colonial Secretary, who shall, in case the committee of scrutineers have not yet completed their scrutiny, transmit such certificate to such committee, who shall thereupon set aside and treat as non-existent the votes given by such person, should the printed list or polling paper signed by such person be, for any such reason as that hereinbefore specified in regard to the certain other polling paper aforesaid, capable of being identified. Should the committee of scrutineers have completed their scrutiny before any such certificate or certificates as aforesaid shall have been transmitted to them by the Colonial Secretary, then the Colonial Secretary shall require the said committee to reassemble and shall transmit every such certificate to such committee, who shall proceed thereupon as hereinbefore directed, in order to correct the number of votes formerly certified by such committee under the forty-fourth section of the Constitution Ordinance.

L. Every such civil commissioner as is in the last preceding section described shall, at the expiration of seven days next after the last day upon which a poll was taken for a member or for members of the Legislative Council, at any polling place in the electoral division with which he is connected, inform the Colonial Secretary whether any, and, if so, how many complaints, under the forty-eighth section of this Act have been lodged with him, to the end that the said Colonial Secretary may not require the committee of scrutineers to reassemble until he shall have in his hands the whole number of certificates likely to be transmitted to him. And every civil commissioner who shall have informed the Colonial Secretary of any complaint which such civil commissioner shall afterwards find to be ill-founded shall forthwith report to the Colonial Secretary that such complaint has been dismissed.

LI. When the committee of scrutineers, so reassembled as aforesaid, shall have received all such certificates as aforesaid which shall have been transmitted to the Colonial Secretary, and shall have revised the number of votes for the several candidates, as the same shall be affected by such certificates, and shall have certified to the Colonial

Secretary, *de novo*, the number of votes given for each candidate, then, in case the difference between the number of votes as originally certified by the said committee and the number of votes as certified *de novo* shall not be such as to affect the seat of any of the members already proclaimed, or to alter the ranking or position as amongst themselves of any of the members so proclaimed, the number of votes as certified *de novo* shall be published by Government notice in the Government Gazette for general information, but shall not be farther regarded. If, however, the difference aforesaid shall be such as to prove that any candidate already proclaimed a member had fewer votes than some candidate not proclaimed a member, or that the ranking or position as amongst themselves of any of the members proclaimed requires to be altered, then the Governor shall, by a proclamation reciting the former proclamation and the grounds that have since arisen for amending the same, proclaim afresh the names of the candidates in the order, as regard numbers of votes, in which they shall be found to stand after the revision and rectification of the votes, as hereinbefore provided. And as often as it shall appear by such proclamation that any person formerly proclaimed a member has received fewer votes than some other person who was not proclaimed a member, the person formerly proclaimed a member shall, upon and from the issuing of such proclamation, cease to be a member, and the other person who received a greater number of votes shall thenceforth become the member in his room and stead. In case the revision and rectification aforesaid shall have the effect of showing an equality of votes between any member who was formerly proclaimed and any candidate who was not proclaimed, the question between them shall be determined by lot, to be drawn in manner and form as in the forty-fourth section of the Constitution Ordinance provided. And should the effect of such revision and rectification be to show an equality of votes between any two or more members who, when formerly proclaimed, appeared to have had a majority one above another, then the order in which the names of the said members shall stand in the amended proclamation shall be determined by lot, to be drawn in the same manner. But the day of the publication of the first proclamation, and not the day of the publication of the amended proclamation, shall, for the purpose of computing the time for which members shall hold their seats, be deemed to be the date of the election of the members proclaimed as such by such amended proclamation.

LII. In case the poll in regard to which any complaint as is in the forty-eighth section of this Act mentioned shall be lodged shall have been a poll taken for a member or for members of the House of Assembly, and if such complaint shall not have been inquired into and disposed of before the declaration or proclamation of the member or members, as in the fifty-fifth section of the Constitution Ordinance directed, the civil commissioner, in case he shall adjudge such complaint to be well founded, shall certify to the Colonial Secretary, in case of a vote or votes rejected at the poll, the name or names of the candidate or candidates for whom the complainant now votes; and in the case of a vote or votes admitted at the poll, from what candidate the vote or votes in question are to be deducted. Should the proclamation in the fifty-sixth section of the Constitution Ordinance specified not have been published when any such certificate shall have been received by the Colonial Secretary, then, if the effect of any such certificate shall be to show that any candidate formerly returned as a member has fewer votes than some other candidate not so returned, the former return shall be amended by the Colonial Secretary in conformity with the certificate by him received from the civil commissioner; and the proclamation to be issued under the fifty-sixth section of the Constitution Ordinance shall publish the name of the member or the names of the members, according to such amended return. A Government notice shall be prefixed or appended to such proclamation, showing the number of votes received by the respective candidates as originally transmitted by the returning officer, and the change in such numbers consequent upon the certificate or certificates aforesaid. Should the proclamation in the fifty-sixth section of the Constitution Ordinance mentioned have been published before the receipt by the Colonial Secretary of any such certificate or certificates as aforesaid, then all and singular the provisions of the fifty-first section of this Act, in reference to the Legislative Council, shall, *mutatis mutandis*, be applied so far as applicable to the House of Assembly, precisely as if the number of votes, as ascertained by the amended return aforesaid, were the number of votes certified *de novo* by the committee of scrutineers, and the number of votes originally transmitted by the returning officer in regard to the House of Assembly were the number of votes originally certified by the said committee in regard to the Legislative Council.

LIII. Every person complaining as in the forty-eighth section of this Act mentioned, and every person complained against, shall be entitled to be assisted by an agent, and the civil commissioner may, should the circumstances of the case require it, take evidence on oath, and may summon witnesses to appear before him to give evidence; and the form of summoning witnesses and the consequences of attendance or non-attendance shall, *mutatis mutandis*, be in substance the same as are set forth in the sixteenth, seventeenth, and eighteenth sections of the rules, orders, and regulations of the courts of resident magistrates, contained in the schedule marked B to the Act No. 20 of 1856; and the civil commissioner may, if he shall think fit, award his reasonable costs to any person concerned in such investigation, to be paid by any other person concerned therein, and shall tax and ascertain such costs, and shall certify in writing to the clerk of the court of the resident magistrate of the district in which the person liable to pay such costs shall reside the amount of such costs, and the process of such court may issue for the levy of such costs, precisely as if such costs had been costs recovered in a civil suit by the person to whom they shall have been awarded by the civil commissioner.

LIV. If the nature of any such complaint as aforesaid shall be such that the civil commissioner shall be uncertain regarding the decision proper to be given upon it, it shall be competent for him to draw up a statement of the facts, and such statement shall be signed by such civil commissioner in attestation of its correctness, and such commissioner shall (except as hereinafter excepted) transmit the same to the registrar of the Supreme Court, to be by him submitted to a judge in chamber for his consideration and determination: Provided that every civil commissioner within the Eastern Districts, as the same are described in the Administration of Justice Act, 1864, shall transmit all such cases as last aforesaid to the registrar of the court of the Eastern Districts, for he consideration and determination of a judge of the said court.

LV. The judge before whom any such statement as aforesaid shall be laid may, should the same appear to him defective, call for further information from the civil commissioner who transmitted it, and shall give such a decision as shall appear to him right and proper, and such decision shall, for the purpose of the poll to which it relates, be final and conclusive.

LVI. All and singular the several sections of this Act, from the forty-eighth to the fifty-fifth, both inclusive, shall apply to the electoral divisions of Cape Town and Graham's Town, in like manner as to all the other electoral divisions of the Colony, except that all complaints under section forty-eight shall, if they relate to the electoral division of Cape Town, be lodged with and be inquired into by the resident magistrate of Cape Town; and if they relate to the electoral division of Graham's Town, shall be lodged with and inquired into by the resident magistrate of Albany.

LVII. No polling officer shall permit more persons than one to vote upon or in regard to any one name upon the list of registered voters. Should any person claim to vote upon or in regard to any name upon or in respect of which name another person shall have already voted, the vote of the person so claiming shall be rejected; but such person shall be at liberty to complain, as in the forty-eighth section of this Act provided. But nothing in this section shall prevent different persons of the same name, who are all registered, from all voting, each in regard to one of the said names.

And in regard to the qualification of voters: Be it enacted as follows:

LVIII. All persons qualified by law to vote in any municipality or corporate town, constituting or included in an electoral division, at elections for the commissioners or councillors of such municipality, or for the town councillors of such corporate town, shall be entitled to be registered as voters for such electoral division, although such persons do not possess any of the qualifications in the eighth section of the Constitution Ordinance mentioned and set forth.

LIX. Every shareholder in any joint-stock company carrying on business in any house or building in any electoral division shall be entitled to be registered as a voter for such electoral division, in case the value of such house or building shall be such that the share or shares of such shareholder, considered as a joint owner or joint occupier of such house or building, shall be of the value of twenty-five pounds.

LX. As often as there shall be an election of members of the Legislative Council, whether under the provisions of the fifth section of the Constitution Ordinance or in consequence of a dissolution of the said Council under the provisions of the seventy-fourth section of the said Ordinance, then, in case the candidates to fill such vacancies, who shall have duly accepted and transmitted requisitions, as in the thirty-fourth section of the said Ordinance mentioned, shall in number not exceed the number of seats to be filled, no poll shall be taken, but such candidates shall, upon the expiration of the time limited for transmitting requisitions and acceptances thereof, be declared and proclaimed members of the said Council, anything in any of the said sections of the Constitution Ordinance to the contrary notwithstanding. And such members shall, for the purpose of the fifth section of the said Ordinance, and of the decision by lot therein provided for, be in the same plight and condition as if a poll had been taken, and they had all been elected by an equal number of votes.

LXI. Every candidate at any election of members or of a member of the Legislative Council, shall, either in his acceptance of the requisition which shall have invited him to become such candidate, or in some writing under his hand accompanying such acceptance, or in some paper writing to be delivered at the office of the Colonial Secretary not later than three days next after the day limited by proclamation for the receipt of requisitions and acceptances, undertake to pay to the Treasurer-General of the Colony, for and on behalf of the colonial revenue, an equal share or proportion of the expenses of the poll, if any, to be taken at such election (not, however, exceeding the sum of fifty pounds); and if any candidate shall fail in giving, as aforesaid, such undertaking, he shall not be deemed to be a candidate, nor shall his name be published in the list of candidates in the thirty-seventh section of the Constituion Ordinance mentioned.

And in regard to the resignation of seats in the House of Assembly: Be it enacted as follows:

LXII. As often as any member of the House of Assembly, who shall have been elected at any general election consequent upon a dissolution of the said House, shall be minded to resign his seat before the then next election of a Speaker by the said House, it shall be lawful for the said member, by writing under his hand, addressed and delivered to the Colonial Secretary, at any time after the publication of the name of such member in manner and form as in the fifty-sixth section of the Constitution Ordinance provided, to resign his seat; and, upon such resignation, the seat of such member shall become vacant; and the Governor shall, by proclamation, command in like manner as is in the seventy-third section of the Constitution Ordinance provided, in regard to the filling up of the vacancies in the said section referred to, a

LXIII. This Act may be cited for all purposes as "The Election Law Amendment Act, 1870."

REPORT

OF THE

Directors of the South African Bank to the Shareholders, at the Annual General Meeting held on Monday, the 31st January, 1870.

In submitting to the Shareholders this Thirty-first Annual Report on the affairs of the South African Bank, the Directors feel much satisfaction in stating that notwithstanding the continued depressed state of the trade of the Colony during the year just expired, the net profits of the the year 1869 do not fall far short of those of the preceding year, being in the past year £5,362 16s. 5d. against £5,650 4s. 6d., during the previous period.

The Directors, however, taking into consideration that the small amount of difference between the two years arises rather from a reduction in the amount of interest paid on Fixed Deposits than from actual profits in 1869, only propose to declare a Dividend of 6 per cent. on the paid-up Capital, which will amount to £3,600, and out of the remaining surplus of £1,923 17s. 6d. which includes the Balance of £161 1s. 1d. brought foward from 1868, to write off £1,488, the ascertained amount of losses on Bills during preceding years, and to carry the Balance of £435 17s. 6d. to Profit and Loss.

On reference to last year's Report it will be seen that the Directors, as authorized by the Shareholders had purchased 101 Shares in the Bank, and they have now to report that they have since bought in 109 more Shares, making a total of 210 at from £30 to £30 2s. 6d. per Share purposing to carry the Dividend on these Shares to a Separated Fund, as was done last year.

The following Directors retire by rotation, but are eligible for re-election.

J. G. BLANCKENBERG.

for the purpose of receiving a Report and Statement of the Company's Affairs made up to the 31st December, 1869, and for the election of four Directors, viz., two in place of Messrs. T. WATSON and J. B. EBDEN, who retire from the direction by rotation, one in place of F. F. RUTHERFOORD Esq., who has been absent from the Colony for more than three months, and one in place of the late THOMAS HALL, Esq.

It will also devolve on the Meeting to elect two Auditors for the ensuing year.

By order of the Board,

Report of the Directors of the Graaff-Reinet Bank submitted to the Shareholders at the Meeting held in the Bank Parlour on the 20th January, 1870, in accordance with the provisions of the Trust Deed.

FROM the Accounts laid on the Table it will be seen that the gross amount of Discounts made during the past year amounts to £4,246 8 0
and the charges to 2,035 11 8

leaving a Net Balance of £2,210 16 4
being £58 10s. in excess of the previous year's Profit.

Of the Overdue Bills figuring in the Statement, the Directors recommend that the item of £326 0s. 8d. be charged to Profit and Loss, and should any Dividend afterwards be received thereon, to pass the amount to credit of the Protecting Fund. The remainder of the Overdue Bills the Directors consider perfectly safe, and they trust the whole will shortly be settled in full.

The Directors, deeming it desirable thoroughly to repair the Bank premises, and to put the Building under an Iron Roof, have engaged proper persons to frame an estimate of the cost,—this they trust will meet with the approval of the Shareholders.

Out of the amount remaining, after deducting the above sum of £326 0s. 8d., the Directors recommend that a Dividend of eight per cent. on the paid-up capital (equal to £1 per share) be paid to Shareholders; this will amount to £1,600, and leave over £284 15s. 8d. to credit of the Protecting Fund.

In accordance with the 61st Section of the Trust Deed it will be for the Shareholders to decide whether the Bank shall cease this day, or be carried on for a further period of seven years, ending with the 21st January, 1877.

Should the Shareholders decide to carry on the Bank, they will then have to elect three Directors in the room of Messrs. CLOETE, CRAWFORD, and MAASDORP, and two Trustees in the room of Messrs. BAUMANN and CLOETE, all of whom retire by rotation, but are eligible for re-election.

J. H. CLOETE, Acting Chairman.

Proposed by S. J. OERTEL, Esq., and seconded by D. J. VAN RYNEVELD, Esq.: That the Report be adopted. Carried.

Proposed by WM. GREGOROWSKI, Esq., seconded by D. C. SCHULTZ, Esq.,: That the affairs of the Bank be carried on for a further period of seven years, ending with the 20th January, 1877. Carried.

Proposed by B. J. JOUBERT, Esq., and seconded by P. C. ROSS, Esq.: That a bonus of £25 be paid to the Cashier out of the Protecting Fund. Carried.

The retiring Directors and Trustees were unanimously re-elected by ballot.

A vote of thanks to the Chairman terminated the proceedings.

J. H. CLOETE, Chairman of the Meeting.

CAPE OF GOOD HOPE
Gas-light Company.

Annual Report of the Directors to the Shareholders on the 31st January, 1870.

THE year which has just closed has been an uneventful one, and a comparison of the Statement of Affairs which the Directors submitted to the Shareholders at the last Annual Meeting with the one of the year 1869 will show that but little comment is called for.

The result of the year 1868 was a Profit of £2,511 7s. 2d., and that of the year just closed £2,440 14s. 7d., this may be accounted for by the Profit derived from the sale of Coal in 1869, which was only £15 12s. 6d. as compared with 1868, £118 3s.

The Expenditure in the past year will bear favourable comparison, and the saving effected in wages would certainly have been greater still but for the work of disconnecting useless services from the Public Lamps, as contemplated in the last Annual Report and effectually carried out since.

From a very able Report by the Engineer, the Directors are able to lay before the Shareholders a comparative Statement of the Business of the Company for the years 1860, 1865, and 1870 respectively.

	Consumers.	Gas sold.	Town Lamps.	Profit.
January, 1860	384	£3,524	252	£2,120
„ 1865	456	4,723	295	2,338
„ 1870	482	4,917	...	2,440

These facts require no further comment. But here the Directors must also remind the Shareholders that they will find on their Balance Sheet under the head of Savings Bank a Debt against them of £3,710, representing a Mortgage Debt on the Works.

This Debt was incurred when the Company was called upon to carry out their Contract with the late Municipality for lighting up the suburbs of the Town. They had to import, at their own expense, 20,000 feet of Main Pipe for the outlying districts, on the whole length of which not a single application for private service and consumption was ever made, besides 295 at present useless gas lamps and posts, and their fittings.

The Directors now recommend that the surplus of the year being £2,440 14s. 7d. be appropriated as follows, viz., having made the usual allowance to the Directors of £100, and £20 to the Auditors, to declare a dividend of £2 7s. 6d. per Share, (payable 15th February), which will require a sum of £1,900; carrying the balance of £540 14s. 7d. to the Credit of Capital Stock.

The retiring Directors are Messrs. KRYNAUW, PORTER, and J. A. LE SUEUR, and for these gentlemen, as well as for the retiring Auditors Messrs. RAWSTORNE and RYK LE SUEUR, the Meeting will have to elect substitutes—these Gentlemen being, however, themselves eligible for re-election.

IV. Every resident magistrate or justice of the peace before whom any suspected deserter shall be brought shall investigate the circumstances attending his apprehension, in order to ascertain whether or not there is reason to suspect the existence of collusion between such deserter and the person by or through whose means he shall have been apprehended, or whether such apprehension has been made in good faith; and such magistrate or justice shall briefly set forth such circumstances in the return in the second section hereof mentioned.

BILL

TO

Amend the Law relating to the Protection of Seamen's Clothing and Property.

(Introduced into the Legislative Council by His Excellency the Governor.)

WHEREAS the clothing and property of soldiers are protected by the restraint of the sale thereof, and it is expedient to make the like provisions with respect to seamen's clothing and property: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. This Act may be cited as "The Seamen's Clothing Act, 1870."

II. The places to which this Act extends are the places specified in the schedule to this Act, and for the purposes of this Act the limits of those places shall be the limits specified in the second column of the said schedule.

III. In this Act the term "the Admiralty" means the Lord High Admiral of the United Kingdom, or the Commissioners for executing the office of Lord High Admiral. The term "seaman" means every person not being a commissioned, warrant, or subordinate officer who is in or belongs to Her Majesty's Navy, and is borne on the books of any one of Her Majesty's ships in commission, and every person, not being an officer as aforesaid, who, being borne on the books of any hired vessels in Her Majesty's service in time of war, is by virtue of any Act for the time being in force for the discipline of the Navy, subject to the provisions of such Act. The term "seaman's property" means any clothes, slops, medals, and necessaries, or articles usually deemed to be necessaries for sailors on board ship which belong to any seaman.

IV. If any person in any place to which this Act extends detains, buys, exchanges, takes on pawn, or receives from any seaman, or any person acting for a seaman, any seaman's property, or solicits or entices any seaman, or is employed by any seaman, to sell, exchange, or pawn, any seaman's property, he shall, unless he proves that he acted in ignorance of the same being seaman's property, or of the person with whom he dealt being or acting for a seaman, or that the same was sold by order of the senior officer on the Cape of Good Hope station, be liable, on conviction before the resident magistrate of the district in which such place shall be situate, to a penalty not exceeding twenty pounds sterling, and if convicted of a second offence, to the same penalty, or, in the discretion of the court, to be imprisoned for a term not exceeding six months, with or without hard labour.

V. If in any place to which this Act extends any seaman's property is found in the possession or keeping of any person, and he is taken or summoned before the resident magistrate of the district (which taking and summoning are hereby authorized), and such magistrate sees reasonable grounds for believing the property so found to have been stolen, or to have been detained, bought, exchanged, pawned, or otherwise received contrary to the provisions of this Act, then if such person does not satisfy the magistrate that he came by the seaman's property so found lawfully and without any contravention of this Act, he shall be liable, on conviction before such magistrate, to a penalty not exceeding five pounds sterling; and for the purposes of this section seaman's property shall be deemed to be in the possession or keeping of any person if he knowingly has any such property in the actual possession or keeping of any other person, or in any house, building, lodging apartment, field, or place, open or enclosed, whether occupied by himself or not, and whether the same are so had for his own use or benefit, or for the use or benefit of another.

VI. Every person who shall be convicted as an accessory in any offence under or contravention of this Act, shall be liable to be punished in like manner as if he were a principal offender, and on every second or subsequent conviction shall be liable to be punished in like manner as if on a second or subsequent conviction for the principal offence; and every conviction of the principal offence, after the conviction of the same offender as an accessory shall be deemed a second or subsequent conviction for the principal offence, and every conviction as an accessory of any person who shall have been convicted of the principal offence shall be deemed a second or subsequent conviction.

VII. Seaman's property detained, bought, exchanged, pawned, or received, in contravention of this Act, shall, for the purposes of search warrant, be stolen property, within the provisions of section forty-two of Ordinance No. 40, and reasonable suspicion that any such property is concealed in any place shall, under the restrictions in such lastmentioned section contained, justify the issue of a search warrant as in such section is provided.

VIII. In default of the payment of any fine imposed on any offender under this Act such offender may be sentenced to imprisonment with or without hard labour, or with or without spare diet, subject to the Governor's regulations in respect thereof, for any period not exceeding three months.

IX. Nothing in this Act shall prevent any person from being indicted, or being liable under any other Act or otherwise to any other or higher penalty or punishment than is provided for any offence by this Act; provided, however, that no person be punished twice for the same offence.

VAN DE

GRAAFF-REINETSCHE BANK,

Den Aandeelhouders voorgelegd ter Vergadering, gehouden in het Banklokaal op den 20sten Januarij, 1870, overeenkomstig het bepaalde in de Akte van Overeenkomst.

UIT de ter tafel gelegde Rekeningen zal blijken, dat het bruto bedrag aan Disconto in het afgeloopen jaar gemaakt is £4,246 8 0
en dat de kosten bedragen 2,035 11 8

overlatende een netto Saldo van £2,210 16 4
zijnde £58 10s. meer dan de winsten van het vorige jaar.

Van de vervallen Wissels, die op den Staat voorkomen, bevelen de Direkteuren aan, den post van £326 0s. 8d. over te brengen op Rekening van Winst en Verlies, en mogt later daarvan een Dividend ontvangen worden, dat bedrag te plaatsen op 't kredit van het Beschermingsfonds. De rest der vervallen Wissels achten de Direkteuren volkomen veilig en zij vertrouwen, dat die spoedig ten vollen zullen worden afgedaan.

De Direkteuren het wenschelijk achtende het Bankgebouw degelijk te laten repareren en van een IJzeren Dak voorzien, hebben aan deskundigen opgedragen eene Begrooting der kosten op te maken—dit, vertrouwen zij, zal de goedkeuring der Aandeelhouders wegdragen.

Uit het overblijvende bedrag, na aftrek der bovengenoemde som van £326 0s. 8d., stellen de Direkteuren voor een Dividend van acht per cent. op het gestorte kapitaal, dat is £1 per Aandeel aan de Deelhebbers uit te keeren; dit zal £1,600 bedragen en £284 15s. 8d. overlaten voor het kredit van het Beschermingsfonds.

Ingevolge Artikel 61 der Akte van Overeenkomst, zullen de Aandeelhouders te beslissen hebben, of de Bank dezen dag zal ophouden te bestaan of voor een nieuwe tijdvak van zeven jaren, eindigende met den 31sten Januarij, 1877, zal worden voortgezet

Mogten de Aandeelhouders besluiten de Bank voort te zetten, dan zullen zij drie Direkteuren hebben te verkiezen in plaats van de Heeren CLOETE, CRAWFORD en MAASDORP, en twee Curatoren in plaats van de Heeren BAUMANN en CLOETE, alle welke bij beurtwisseling aftreden, maar herkiesbaar zijn.

J. H. CLOETE, Waarn. Voorzitter.

Voorgesteld door den Heer S. J. OERTEL en gesekondeerd door den Heer D. J. VAN RIJNEVELD: Dat het Rapport wordt goedgekeurd.—Aangenomen.

Voorgesteld door den Heer WM. GREGOROWSKI en gesekondeerd door den Heer D. C. SCHULTZ: Dat de zaken der Bank zullen worden voortgezet voor een nieuw tijdvak van zeven jaren, te eindigen met den 20sten Januarij, 1877 —Aangenomen.

Voorgesteld door den Heer B. J. JOUBERT, gesekondeerd door den Heer P. C. ROSS: Dat aan den Kassier een Bonus van £25 zal worden betaald uit het Beschermingsfonds.—Aangenomen.

De aftredende Direkteuren en Curatoren werden bij ballotage eenstemmig herkozen.

Eene dankbetuiging aan den Voorzitter sloot de werkzaamheden.

J. H. CLOETE, Voorzitter der Vergadering.

KAAP DE GOEDE HOOP

Gaslicht Maatschappij.

Jaarlijksch Rapport der Direkteuren aan de Aandeelhouders op den 31sten Januarij, 1870.

HET pas geëindigde jaar heeft weinig bijzonders opgeleverd, en uit eene vergelijking van den staat van zaken, door de Direkteuren op de jongste jaarlijksche vergadering den Aandeelhouders voorgelegd, met dien van het jaar 1869, zal blijken, dat het niet noodig is vele opmerkingen te maken.

Het resultaat van het jaar 1869 wees eene Winst van £2,511 7s. 2d., en dat van het pas geëindigd jaar eene van £2,440 14s. 7d.; dit laat zich verklaren uit de Winsten ontleend aan het verkoopen van Steenkolen in 1869, welke Winsten slechts £15 12s. 6d. beliepen tegen £118 3s. als vergeleken met 1868.

De uitgaaf in het afgeloopen jaar kan eene voordeelige vergelijking doorstaan, en de besparing in arbeidsloonen zou nog grooter geweest zijn, ware zulks niet verhinderd door het losmaken van noodelooze verbindingspijpen van de Straatlantarens, als bedoeld in het jongste jaarlijksche rapport, en sedert krachtdadig ten uitvoer gelegd.

Uit een met veel bekwaamheid opgesteld rapport van den Ingenieur, zijn de Direkteuren bij magte, den Aandeelhouders voor te leggen een vergelijkenden Staat van de Zaken der Maatschappij over de jaren 1860, 1865 en 1870 respektivelijk.

	Verbruikers.	Gas verkocht.	Stadslantarens.	Winst.
Januarij 1860	384	£3,524	252	£2,120
Januarij 1865	456	4,723	296	2,338
Januarij 1870	482	4,917	0	2,440

Deze feiten vereischen geen verdere toelichting. Maar hierbij moeten de Direkteuren den Aandeelhouders herinneren, dat zij op den Balans Staat, onder het hoofd Spaarbank, eene schuld tegen zich zullen vinden van £3,710, vertegenwoordigende eene Hypotheek op de Werken.

Deze schuld werd aangegaan toen de Maatschappij werd opgeroepen tot de uitvoering van haar Kontrakt voor het Verlichten der buitenste wijken van de Stad. Zij had toen op hare eigene kosten te importeren 20,000 voet hoofdpijp voor de buitenliggende Distrikten, op de geheele lengte waarvan nog nooit een enkele aanvrage voor partikuliere dienst en verbruik gedaan was, benevens 295 thans nutteloze Lantarens en Palen met derzelver toebehooren.

De Direkteuren bevelen nu aan, het overschot van het jaar, zijnde £2,440 14s. 7d. aan te wenden als volgt, namelijk:—Na de gewone toelaag van £100 aan de Direkteuren, en £20 aan de Auditeuren vastgesteld te hebben, het Dividend te bepalen op £2 7s. 6d. per Aandeel (betaalbaar op den 15den Februarij), waarvoor de som vereischt zal worden van £1,900, en het Saldo van £540 7s. 2d. te plaatsen op het Krediet van het Kapitaal Fonds.

De aftredende Direkteuren zijn de Heeren KRIJNAUW, PORTER, en J. A. LE SUEUR, en voor deze Heeren, zoowel als voor de aftredende Auditeuren, de Heeren RAWSTORNE en RIJK LE SUEUR, zal de vergadering plaatsvervangers hebben te kiezen. Die Heeren zelven echter zijn bevoegd om herkozen te worden.

RAPPORT

VAN DE

Direkteuren der Zuid Afrikaansche Bank aan de Aandeelhouders op de Jaarlijksche Algemeene Vergadering, gehouden op Maandag, den 31sten Januarij, 1870.

DEN Aandeelhouders dit Een-en-Dertigste Jaarlijksche Rapport over de zaken der Zuid Afrikaansche Bank voorleggende, is het den Direkteuren zeer aangenaam te kunnen melden, dat, niettegenstaande de voortdurende gedruktheid van den handel der Kolonie gedurende het pas afgeloopen jaar, de netto winsten voor het jaar 1869, niet veel minder zijn dan die van het voorgaande jaar, zijnde verleden jaar £5,362 16s. 5d, tegen £5,650 4s. 6d. in het voorafgaande tijdvak.

De Direkteuren echter, in aanmerking nemende dat het geringe bedrag van het verschil tusschen de twee jaren eerder ontstaan is door eene verlaging in het bedrag van Interest betaald op Vaste Deposita, dan wel uit werkelijke Winsten in 1869 gemaakt, stelt alleen voor een Dividend te bepalen van 6 percent. op het gestorte Kapitaal, hetwelk £3,600 zal uitmaken en met de overblijvende £1,923 17s. 6d., die insluit het Saldo van £161 1s. 1d. overgebragt van 1868, het bekende bedrag der verliezen van vorige jaren af te schrijven en het Saldo van £435 17s. 6d. op Rekening van Winst en Verlies te plaatsen.

Het Rapport van verleden jaar naslaande, zal men zien dat de Direkteuren, als gemagtigd door de Aandeelhouders 101 Aandeelen hadden gekocht; en zij hebben nu te rapporteren. dat zij sedert nog 109 Aandeelen hebben gekocht, uitmakende een totaal van 210, voor £30 tot £30 2s. 6d., het Dividend op welke Aandeelen zij meenen op een Azonderlijk Fonds te plaatsen, even als verleden jaar is geschied.

De volgende Direkteuren treden bij beurtwisseling af maar zijn herkiesbaar:

J. P. H VAN DER POEL
J. A. BAM, Senior
J. G. BLANCKENBERG
P. A. BRAND
A. D. KRIJNAUW
W. SMITH.

De gebruikelijke Staten en Opgaven zijn den Aandeelhouders ter informatie voorgelegd.

And whereas by the 37th section of the said Ordinance it is further enacted, in regard to Scrutineers, that the Governor shall, by Proclamation, appoint three Scrutineers, nominated by the Candidates, to be a Committee of Scrutineers, for the purpose of examining the Votes to be returned, as in the said Ordinance enjoined, or in the event of there being a deficiency of Scrutineers from any cause, the Governor may appoint such Scrutineer or Scrutineers as may be necessary for constituting the full number of three Scrutineers; and whereas, by reason of the insufficiency of the number of Candidates and the failure of one of them to name a Scrutineer, it is necessary to appoint two Scrutineers to form together with the one nominated, the full number of three: Now, therefore, I do hereby appoint JOHN GEORGE FRANKLIN and THOMAS HOLLAND to be two such Scrutineers, and to constitute, together with RICHARD WILLIAM NELSON, the Committtee of Scrutineers for the purpose aforesaid.

GOD SAVE THE QUEEN!

BILL

TO

Consolidate the Public Debts of the Colony payable in England.

(Transmitted to the House of Assembly by His Excellency the Governor.)

WHEREAS the public debts of this Colony made payable in England amount in all to a sum of one million four hundred and twenty-three thousand four hundred pounds, with interest, whereof divers sums are payable, respectively, at divers times from the thirty-first day of January, one thousand eight hundred and seventy, to the thirty-first day of December, one thousand nine hundred, respectively, as will more fully appear in the statement thereof contained in the schedule hereto: And whereas provision has been already made for the payment of the sum of fifty thousand pounds sterling, due and payable in the course of the year one thousand eight hundred and seventy, and there remains the sum of one million three hundred and seventy-three thousand four hundred pounds, with the interest thereon, to be provided for: And whereas there is good reason to believe that the said debts, other than the said debt of fifty thousand pounds sterling last before mentioned, may be consolidated with advantage to this Colony, and that provision may be made by which the same may be fully consolidated, and by which, at the same time, the yearly interest thereon may be paid and the debts themselves may be gradually extinguished, so that within a term of thirty-seven years the same may be altogether discharged by means of an annual charge on the revenues of the Colony continued during the said term of thirty-seven years, not exceeding the sum of ninety thousand pounds: And whereas it is expedient that such consolidation should be effected as far as possible: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. It shall be lawful for the Governor to appoint the Agents-General for the time being for the Crown Colonies in England, or such other person or persons as to him shall seem fit, as agents for the conversion of the said debts.

II. It shall be lawful, for the purposes of such conversion, for the Governor, through such agent or agents, to raise and take up upon debentures, subject to such terms and conditions as shall seem best calculated to effect such conversion on the best terms for the Colony, such sum or sums of money as may be necessary to effect the same: Provided that the annual charge to be thereby imposed on the public revenues of the Colony for the purposes of paying the interest and providing for the extinction of the entire of the debt thereby created shall not at any time exceed such sum as, together with the interest due on the said public debts intended to be consolidated, and for the time being remaining unconverted and unconsolidated, shall amount to a sum of ninety thousand pounds sterling yearly: And provided, also, that the terms on which such debentures shall be issued by the Governor as aforesaid shall provide for the complete extinction of the entire debt thereby created within the term of thirty-seven years, by means of such annual charge as aforesaid on the revenues of the Colony; after which period such annual charge shall cease and determine, unless Parliament shall otherwise direct.

III. The Governor shall, through such agent or agents as aforesaid, and subject to the conditions in the last foregoing section mentioned, have full power to prescribe the mode and conditions of repayment of the loan to be taken up on such debentures as are hereby authorized, and the terms and conditions of such debentures, and the time and place of such repayment, and the rate of interest thereon, and the time and place for payment of such interest.

IV. All sums of money borrowed under the authority of this Act, and the debentures upon which the same shall be raised respectively, shall be charged and chargeable on the revenues of this Colony.

V. Interest after the rate of five pounds sterling per centum shall be payable on such debentures as may be issued under the authority of this Act, and shall be charged and chargeable on the revenues of this Colony as next hereinafter mentioned.

VI. As a fund for the payment of such interest and for the gradual extinction of the debt to be raised under authority of this Act, there shall be charged and chargeable upon, and set apart out of, the annual revenues of this Colony an annual sum equal to the interest on the whole amount of such debentures as shall be issued under authority of this Act, and a further sum equal to one pound sterling per centum on the total amount of the principal or capital sum which shall be raised under the authority of this Act; and such sum shall be annually charged on and payable out of the revenues of the Colony so long as any portion of the debt to be raised under authority of this Act, or any interest thereon, shall remain unpaid and unextinguished; and such annual charge shall, so soon as such debt and interest shall have been all paid and extinguished, cease and determine.

VII. Such portion of the fund which shall under the last foregoing section be charged and chargeable annually on the revenues of the Colony as shall not be required for the payment of the interest for the time being due upon the debentures to be issued under authority of this Act, or for the necessary expenses of such consolidation and conversion as aforesaid, shall be applied in redeeming and cancelling the debentures to be raised under authority of this Act, in such manner and form as shall be provided by the terms and conditions whereon and whereunder such debentures shall be issued respectively.

VIII. All moneys to be raised under the authority of this Act shall be accounted for in a separate account, and shall be applied towards the conversion and consolidation, redemption, payment, and discharge of the said several public debts of this Colony proposed to be consolidated, and to no other purpose; but it shall be lawful thereout to pay the necessary charges of effecting such conversion, consolidation, redemption, payment, and discharge.

IX. The Governor may, through such agent or agents as aforesaid, accept in payment for the debentures to be issued under the authority of this Act any debentures of the Government of this Colony specified in the schedule hereto, at such rates and on such terms as may be fixed by the Governor through such agent or agents as aforesaid; and all such rates and terms shall be notified by public advertisement in the London Gazette and in the Government Gazette of this Colony.

X. All the powers which under this Act may be exercised by the Governor through such agent or agents as aforesaid may be also exercised, wholly or in part, by any person or persons to whom such powers shall have been, wholly or in part, delegated by such agent or agents as aforesaid, subject to the conditions of such delegation imposed thereon by the person so delegating such powers.

XI. All such debentures of the Government of this Colony which shall be redeemed, or purchased, or converted under the authority of this Act, or by means of the moneys raised thereunder, and which are chargeable on the general revenues only of this Colony, shall immediately on the receipt thereof be cancelled by such agent or agents as aforesaid, and shall by him or them as soon as may be thereafter be transmitted to the Treasurer-General of the Colony.

XII. All such debentures of the Government of this Colony which shall be redeemed, or purchased, or converted under the authority of this Act, or by means of the moneys raised thereunder, which are chargeable on any funds other than and in addition to the general revenue of this Colony shall be ceded by the holder thereof to the Treasurer-General of this Colony, and shall as soon as may be after the receipt thereof by such agent or agents as aforesaid, be transmitted to such Treasurer-General, to be by him held on account of the general revenue of this Colony, as a security against such funds other than such general revenue.

XIII. A full account of all the moneys from time to time raised under the provisions of this Act, and of the application thereof, and of all debentures redeemed, or purchased, or converted by means thereof, shall be from time to time laid on the table of both Houses of Parliament at the commencement of each session thereof, or so soon thereafter as the same shall be prepared.
